WashREIT Completes Purchase of Northern Virginia Tranche of Value-Add Multifamily Portfolio Acquisition

WASHINGTON, April 30, 2019 (GLOBE NEWSWIRE) -- WashREIT (NYSE: WRE) has closed the previously announced acquisition of five garden-style multifamily assets located in Northern Virginia consisting of 1,685 units for \$379.1 million. These five properties represent the first tranche of WashREIT's value-add multifamily portfolio acquisition, branded 'Assembly.'

"We are pleased to be growing our Northern Virginia multifamily portfolio by 53% at a time when that region is poised to deliver strong economic growth fueled by a thriving technology sector," said Paul T. McDermott, President and CEO of WashREIT. "We look forward to capitalizing on Northern Virginia's robust job growth prospects and its continued demand for quality, value-oriented rental housing on an even larger scale."

The completed acquisitions include: 205 Century Place, Alexandria, VA; 13690 Legacy Circle, Herndon, VA; 2511 Farmcrest Drive, Herndon, VA; 10519 Lariat Lane, Manassas, VA and 86 Heritage Way, NE, Leesburg, VA. The Company now owns a total of 4,861 multifamily units in Northern Virginia and total of 5,953 units in the Washington Metro region overall.

WashREIT expects to close the second tranche of the acquisition consisting of 428 units across two apartment communities in Montgomery County, Maryland during the second quarter of 2019 for \$81.9 million, subject to the satisfaction of customary closing conditions.

The Company plans to match fund both tranches of the \$461 million value-add multifamily acquisition through the disposition of select assets within its commercial portfolio, which is comprised of office and retail assets. WashREIT expects to provide further information upon entering into definitive agreements to sell assets. These planned commercial asset sales are in addition to the Company's previously contemplated dispositions.

In order to provide interim funding prior to completing the above-mentioned asset sales, WashREIT entered a \$450 million unsecured term loan facility maturing in October 2019. The term loan has a six-month maturity, with a six-month extension option, and currently has an interest rate of LIBOR plus 100 basis points, based on the Company's current unsecured debt ratings. Proceeds from the new term loan were used to fund the first tranche of the portfolio acquisition and the remaining funds will be used for the second tranche of the transaction.
