

# **Kubient Reports Second Quarter 2020 Results**

NEW YORK, Sept. 23, 2020 /PRNewswire/ -- Kubient, Inc. (NasdaqCM: KBNT, KBNTW) ("Kubient" or the "Company"), a cloud-based software platform for digital advertising, today reported financial results for the second quarter and six months ended June 30, 2020.

#### Second Quarter 2020 and Recent Operational Highlights

- Officially launched <u>Kubient Artificial Intelligence</u> (<u>KAI</u>), the industry's first Al-powered ad fraud detection and prevention platform that helps advertisers combat the \$40 billion annual ad fraud problem in the 300 millisecond window.
- <u>Closed</u> an initial public offering (IPO) of 2,500,000 units, resulting in gross proceeds of approximately \$12.5 million, before deducting underwriting discounts and commissions and other offering expenses.
- At quarter end, publisher inventory that Kubient can monetize, or ad impression opportunities, for the Audience Cloud, Kubient's flexible open marketplace for advertisers and publishers to reach, monetize and connect their audiences, increased 213% compared to the first quarter of 2020.
- At quarter end, Kubient's platform had verified and fingerprinted over 994 million unique internet devices, an increase of 74% from 570 million at the end of the first quarter of 2020.
- Partnered with Zoox Smart Data to create a direct marketplace that enables real-time bidding programmatic access for demand platforms, brands and agencies, to reach unique audiences in hotels, airports and the MTA New York City Transit system. The strategic partnership will grow an existing audience of over 100 million Wi-Fi users a year, to almost to a billion users in the next 18 months.
- <u>Joined</u> the <u>DPAA</u>, the leading global trade marketing association connecting out-of-home (OOH) media with the advertising community while moving OOH to digital.

#### **Management Commentary**

"Our operational and financial performance in the first half of 2020 was encouraging despite the challenges we encountered due to the ongoing global pandemic," said Kubient CEO Peter Bordes. "Most notably, we generated \$1.3 million of net revenue from successful beta tests with two large enterprise clients for our high-margin, SaaS-based KAI ad fraud detection platform. The testing provided critical validation and future reference points for our platform's ability to ingest vast amounts of data and then analyze it using our proprietary

machine learning technology.

"Similar to many companies in the tech industry and beyond, Kubient's operations were impacted by COVID-19 in Q2 as several of our customers and prospects temporarily decreased their advertising budgets. On a positive note, we have seen a steady increase in advertising budgets in the current quarter compared to Q2, which reinforces our belief that companies are adapting their businesses and marketing strategies to the current environment. In fact, at the end of June ad opportunities for Audience Cloud increased approximately 213% compared to just the end of March, which is a testament to our technology and growing base of publishers. With the proceeds from our IPO, we are expanding our sales and marketing team to both accelerate the number of ad opportunities and stimulate greater demand from advertisers. We believe that facilitating a greater pool of opportunities for publishers and advertisers will not only create more liquidity for our clients, but also help us better realize the full benefits of our scalable technology and robust business model.

"In the past few months, we believe we've generated clear operating momentum and, as a result of our recent IPO, have a solidified balance sheet to better capitalize on the potential expansive opportunities on the horizon. Our continued focus and successful execution in the near-term should position Kubient to realize its long-term mission, which is to transform the multi-billion-dollar, global advertising industry by enabling a highly efficient and liquid marketplace for advertisers and publishers."

#### **Second Quarter 2020 Financial Results**

Net revenues increased to \$92,000 from \$49,000 in the same period last year. The increase in net revenues was primarily from one customer, partially offset by a decrease from another customer during the period.

Total operating expenses increased 16% to \$1.2 million from \$1.0 million in the same period last year. The increase in operating expense was primarily due to higher technology expenses, offset by a decrease in general and administrative expenses.

Net loss was 1.5 million, or (0.42) per share, compared to 1.1 million, or (0.32) per share, in the same year-ago period.

As of June 30, 2020, the Company had cash and cash equivalents of \$45,000. As of August 14, 2020, after giving effect to the sale of units in the Company's IPO and the gross proceeds of approximately \$12.5 million and net proceeds of approximately \$10.7 million received therefrom, the Company had \$11.0 million in cash and cash equivalents, \$435,000 of debt and 7.6 million common shares outstanding.

#### Six Month 2020 Financial Results

Net revenues increased to \$1.5 million from \$106,000 in the same period last year. The increase was primarily due to \$1.3 million of revenue from two customers beta testing KAI in the first quarter of 2020.

Total operating expenses increased 52% to \$2.4 million from \$1.5 million in the same period last year. The increase in total operating expenses was primarily due to higher technology expenses and general and administrative expenses.

Net loss was \$1.6 million, or \$(0.43) per share, compared to \$1.6 million, or \$(0.44) per share, in the same year-ago period.

#### **Conference Call**

Kubient will hold a conference call today (September 23, 2020) at 5:00 p.m. Eastern time (2:00 p.m. Pacific time) to discuss these results.

Kubient management will host the conference call, followed by a question and answer period.

U.S. dial-in: 1-877-407-9208

International dial-in: 1-201-493-6784

Please call the conference telephone number 10 minutes prior to the start time. An operator will register your name and organization. If you have any difficulty connecting with the conference call, please contact Gateway Investor Relations at 949-574-3860.

The conference call will be broadcast live and available for replay here and via the Investor Relations section of Kubient's website.

A telephonic replay of the conference call will be available after 8:00 p.m. Eastern time through September 30, 2020.

Toll-free replay number: 1-844-512-2921 International replay number: 1-412-317-6671

Replay ID: 13710171

#### About Kubient

Kubient is a technology company with a mission to transform the digital advertising industry to audience-based marketing. Kubient's next generation cloud-based infrastructure enables efficient marketplace liquidity for buyers and sellers of digital advertising. The Kubient Audience Cloud is a flexible open marketplace for advertisers and publishers to reach, monetize and connect their audiences. The Company's platform provides a transparent programmatic environment with proprietary artificial intelligence-powered pre-bid ad fraud prevention, and proprietary real-time bidding (RTB) marketplace automation for the digital out of home industry. The Audience Cloud is the solution for brands and publishers that demand transparency and the ability to reach audiences across all channels and ad formats. For additional information, please visit <a href="https://kubient.com/">https://kubient.com/</a>.

#### **Forward-Looking Statements**

The information contained herein includes forward-looking statements. These statements relate to future events or to our future financial performance, and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance, or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. You should not place undue reliance on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could, and likely will, materially affect actual results, levels of activity, performance or achievements. Any forward-looking statement reflects our current views with respect to future events and is subject to these and other

risks, uncertainties and assumptions relating to our operations, results of operations, growth strategy and liquidity. We assume no obligation to publicly update or revise these forward-looking statements for any reason, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future. The safe harbor for forward-looking statements contained in the Securities Litigation Reform Act of 1995 protects companies from liability for their forward-looking statements if they comply with the requirements of the Act.
