## UPDATE -- Galaxy Gaming to Exhibit at Global Gaming Expo 2013

### Company's G2E Agenda Includes Groundbreaking Product Launch With World Poker Tour, CEO to Speak on Electronic Table Gaming

LAS VEGAS, Sept. 17, 2013 (GLOBE NEWSWIRE) -- Galaxy Gaming, Inc. (OTC:GLXZ) announced the Company's most detailed and ambitious participation ever at the renowned Global Gaming Expo (G2E), which will take place September 23-26 at the Sands Expo & Convention Center in Las Vegas. Product demonstrations will be available at booth #1617.

"This is the time to show the entire industry our broad-based products and content-rich innovations company has done and the exceptional results we are delivering every day," said Galaxy Gaming CEO Robert Saucier. "This is a period of unprecedented growth and opportunity, and at G2E, we'll demonstrate why we're uniquely positioned to capture increased brand loyalty and enhanced market share on a scale not seen before. Our G2E lineup of products will demonstrate why Galaxy Gaming is becoming the market leader in gaming technology and innovation."

Galaxy Gaming will launch several new specialty table games at the show, including:

**WPT Head's up Hold'em** is sure to impress at this year's G2E. Galaxy Gaming and the World Poker Tour have combined their talents to create this thrilling game based upon Texas Hold'em. One version of the game on display will feature Galaxy's Bonus Jackpot System ("BJS"), featuring a progressive jackpot. WPT Commentator Mike Sexton and WPT's Royal Flush Girls will be on hand to introduce this new game to you.

**Commission Free Emperor's Challenge Pai Gow Poker** is a new variation of the popular Emperor's Challenge game, but now the commission has been eliminated. This speeds up the game and players love the fact they no longer have to pay a commission when they win. In addition, the game's popular side bet, "Pai Gow Insurance" is now tied to a progressive meter.

**Player's Edge Blackjack with BJS Progressive** is modified Blackjack using one or more Spanish decks (10's have been removed), but with bonuses galore. This thrilling blackjack game includes special features and prizes not found on any other Spanish deck game.

**High Card Flush with BJS Progressive.** Last year's "game of the show" now has a progressive meter for the popular Straight Flush bet, This popular game is now better than ever and is destined to be a sure-fire hit.

**Lucky Win Baccarat with Dual BJS Progressive.** A new game that offers two progressive jackpots and can be played with or without a commission.

"G2E represents the ideal environment for the company to take another major step forward," Gary A. Vecchiarelli, Galaxy Gaming's Chief Financial Officer. "We have more star-power than ever before, an action-packed venue to learn and play our gaming products and the opportunity for serious investors to meet one-on-one with company leadership and learn why Galaxy Gaming is a winner with industry experts."

The Company also announced that CEO Saucier will be a featured speaker on Wednesday, September 25th in a panel discussion examining electronic multi-player table games. The session is at 2:00 p.m. in room Bellini 2103.

"Our message for G2E is clear: Our industry is rapidly growing and its reach is expanding. The big winners will be the companies large enough to have a global presence and nimble enough to respond and adapt to dynamic change," said Mr. Saucier. "People will recognize that is what Galaxy Gaming represents."
