FORWARD-LOOKING STATEMENTS

Certain items in this presentation may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to,

the expected principal recovery on the Company's debt portfolio, expected returns and expected yields on investments, and statements relating to our target assets and current strategy. These statements are based on management's current expectations and beliefs and are subject to a number of trends and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements, many of which are beyond our control. Newcastle can give no assurance that its expectations will be attained. Factors that could cause actual results to differ materially from Newcastle's expectations include, but are not limited to, the risk that market conditions cause downgrades of a significant number of our securities or the recording of additional impairment charges or reductions in shareholders' equity; the risk that we cannot find additional suitably priced investments; the risk that investments made or committed to be made cannot be financed on the basis and for the term at which we expect; the relationship between yields on assets which are paid off and yields on assets in which such monies can be reinvested; and the relative spreads between the yield on the assets we invest in and the cost and availability of debt and equity financing. Additional risks that are directly related to investments in senior housing include, but are not limited to, the risk that we are dependent on the performance of our operators, the risk that a downturn in the housing market or an overall economic downturn could cause our occupancy rates, revenues and results of operations to decline, the risk that increases in labor costs at our senior housing facilities may have a material adverse effect on us. Accordingly, you should not place undue reliance on any forward-looking statements contained in this presentation. For a discussion of some of the risks and important factors that could affect such forward-looking statements, see the sections entitled "Risk Factors" in the prospectus supplement related to this offering and "Management's Discussion and Analysis of Financial Condition and Results of Operation" incorporated by reference in the prospectus supplement related to this offering from the Company's Annual Report on Form 10-K or Quarterly Report on Form 10-Q. In addition, new risks and uncertainties emerge from time to time, and it is not possible for the Company to predict or assess the impact of every factor that may cause its actual results to differ from those contained in any forward-looking statements. Such forward-looking statements speak only as of the date of this presentation. Newcastle expressly disclaims any obligation to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in the Company's expectations with regard thereto or change in events, conditions or circumstances on which any statement is based.
