### Fiscal Q4 2016 Financial Results

Revenue for the fourth quarter of fiscal 2016 increased 33% to \$21.1 million from \$15.8 million in the same year-ago quarter. The improvement was primarily due to increased deployments by the Company's wireline, wireless and cable TV customers, as well as a higher level of project work within the municipality and alternative carrier service provider markets.

Gross profit increased 46% to \$9.6 million, or 45.5% of revenue, from \$6.6 million, or 41.7% of revenue, in the fiscal fourth quarter of 2015. The increases in gross profit and gross margin for the quarter were due to increased volume over the prior quarter, as well as a higher percentage of sales associated with the integration of optical components within our

product line, which typically have higher margins.

Operating expenses were \$6.4 million, an increase of 41% compared to \$4.6 million in the same year-ago quarter. The increase was due to additional personnel supporting sales and operational expansion.

Pre-tax income increased 56% to \$3.2 million from \$2.1 million in the same year-ago quarter.

Income tax expense decreased 24% to \$519,000 from \$679,000 in the same year-ago quarter. The Company recognized a net tax benefit of \$437,000 during the quarter ended September 30, 2016 as a result of the adoption of a new accounting pronouncement related to the income tax accounting for stock-based compensation.

Net income increased 95% to \$2.7 million, or \$0.20 per diluted share, from \$1.4 million, or \$0.10 per diluted share, in the same year-ago quarter. The adoption of the accounting pronouncement noted above increased net income by \$437,000, or \$0.04 per diluted share.

During the quarter ended September 30, 2016, cash, cash equivalents and investments increased 9% to \$44.2 million from \$40.5 million at the end of the prior quarter. The Company had no debt at quarter end. In addition, during the quarter there were no repurchases of shares under the stock repurchase program.

Order backlog (defined as purchase orders received but not yet fulfilled) at September 30, 2016 increased 29% to \$4.6 million from \$3.5 million at September 30, 2015, and decreased 32% from \$6.7 million compared to June 30, 2016.

### **Fiscal 2016 Financial Results**

Revenue increased 25% to a record \$75.3 million from \$60.3 million in fiscal 2015. Of this record revenue, 19% of total revenue came from the Company's wireless and cable TV business, and 4% of total revenue came from emerging traction amount Tier 1 service providers.

Gross profit was a record \$32.9 million, or 43.7% of revenue, in fiscal 2016, an increase of 32% from \$24.9 million, or 41.2% of revenue, in fiscal 2015.

Operating expenses increased 24% to \$22.1 million from \$17.8 million in fiscal 2015.

Pre-tax income totaled \$10.9 million compared to \$7.2 million in fiscal 2015.

Income tax expense increased 16% to \$2.9 million from \$2.5 million in fiscal 2015. The Company recognized a net tax benefit of \$675,000 for fiscal 2016 as a result of the adoption of a new accounting pronouncement noted above.

Net income totaled a record \$8.0 million, or \$0.59 per diluted share, an increase of 71% from \$4.7 million, or \$0.34 per diluted share, in fiscal 2015. The adoption of the accounting pronouncement also increased net income by \$675,000, or \$0.05 per diluted share.

### **Management Commentary**

"Representing our ninth consecutive year of profitable growth, fiscal 2016 saw a continued expansion of our revenue among service providers deploying optical fiber throughout

wireline, wireless and cable TV technologies,” said Cheri Beranek, CEO of Clearfield.

“Looking at our financials for the year, revenue grew to its highest level ever at \$75.3 million, representing a 25% increase over the prior year. Both our gross margin and operating margin experienced solid expansion, reflecting the scalability of our business. Ultimately, these results led to record net income of \$8.0 million, which was up by more than 70% when compared to fiscal 2015.

“The advances in wireless broadband performance is providing new opportunities for us. Revenues in the wireless and cable TV markets grew by more than 125% and now represent nearly 20% of our business. Our wireline business continues to grow, with revenues to the Tier 1 markets starting to achieve traction.

“Given these milestones and the current trends in the marketplace, we are maintaining our previously established revenue growth target of 15%+ for fiscal 2017, which is consistent with our historical five-year compound annual revenue growth rate. We are confident that we can build on our solid progress in all of our key markets. Overall, we are pleased with where we stand today, knowing full well that we have accomplished a lot in one year, but also that there are still ample opportunities for growth ahead of us.”

### **About Clearfield, Inc.**

Clearfield, Inc. (NASDAQ:CLFD) designs, manufactures and distributes fiber optic management, protection and delivery products for communications networks. Our “fiber to the anywhere” platform serves the unique requirements of leading incumbent local exchange carriers (traditional carriers), competitive local exchange carriers (alternative carriers), and MSO/cable TV companies, while also catering to the broadband needs of the utility/municipality, enterprise, data center and military markets.

Clearfield offers the industry’s only fiber management and delivery platform that simplifies the fiber to the ‘x’ (FTTx) equation with the promise of a design methodology that addresses each network’s unique requirements, while building simplicity into the design and delivering the lowest total cost of ownership.

Based on the patented Clearview™ Cassette, Clearfield’s unique single-architected, modular fiber management platform is designed to further lower the cost of broadband deployment and maintenance by consolidating, protecting and distributing incoming and outgoing fiber circuits, enabling customers to scale their operations as their subscriber revenues increase. Headquartered in Minneapolis, MN, Clearfield deploys more than a million fiber ports each year. For more information, visit [www.SeeClearfield.com](http://www.SeeClearfield.com).

### **Cautionary Statement Regarding Forward-Looking Information**

*Forward-looking statements contained herein and in the FieldReport are made pursuant to the safe harbor provisions of the Private Litigation Reform Act of 1995. Words such as “may,” “will,” “expect,” “believe,” “anticipate,” “estimate,” “outlook,” or “continue” or*

Such forward looking statements include, for example, statements about the Company's future revenue and operating performance, growth of the FTTx markets, effectiveness of the Company's sales and marketing strategies and organization, utilization of manufacturing capacity, and the development and marketing of products. These statements are based upon the Company's current expectations and judgments about future developments in the Company's business. Certain important factors could have a material impact on the Company's performance, including, without limitation: our results of operations could be adversely affected now that the stimulus funds of the American Recovery and Reinvestment Act are fully allocated and projections are nearing completion; National Broadband Plan's transitioning from the USF to the CAF program may cause our customers and prospective customers to delay or reduce purchases; a significant percentage of our sales in the last three fiscal years have been made to a small number of customers, and the loss of these major customers would adversely affect us; intense competition in our industry may result in price reductions, lower gross profits and loss of market share; our results of operations could be adversely affected by economic conditions and the effects of these conditions on our customers' businesses; our operating results may fluctuate significantly from quarter to quarter, which may make budgeting for expenses difficult and may negatively affect the market price of our common stock; to compete effectively, we must continually improve existing products and introduce new products that achieve market acceptance; we may face circumstances in the future that will result in impairment charges, including, but not limited to, significant goodwill impairment charges; we rely on single-source suppliers, which could cause delays, increases in costs or prevent us from completing customer orders, all of which could materially harm our business; we face risks associated with expanding our sales outside of the United States; our success depends upon adequate protection of our patent and intellectual property rights; further consolidation among our customers may result in the loss of some customers and may reduce sales during the pendency of business combinations and related integration activities; we are dependent on key personnel; product defects or the failure of our products to meet specifications could cause us to lose customers and sales or to incur unexpected expenses; and other factors set forth in Part I, Item 1A.
