WisdomTree Connect™ Now Offers 13 Tokenized Funds Across Ethereum, Arbitrum, Avalanche, Base and Optimism

Most extensive suite of tokenized real world assets (RWA) available to institutions offers access to money market, equities, fixed income and asset allocation funds

NEW YORK--(BUSINESS WIRE)-- WisdomTree, Inc. (NYSE: WT), a global financial innovator, today announced significant enhancements to WisdomTree Connect, the cutting-edge institutional platform designed to offer direct access to tokenized real world assets (RWA). WisdomTree Connect users can now access a full suite of 13 tokenized funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 – the largest collection of tokenized funds currently in the market, including money market, equities, fixed income and asset allocation funds.

These platform enhancements also expand the WisdomTree Connect ecosystem beyond Ethereum to additional blockchains including Arbitrum, Avalanche, Base and Optimism's OP Mainnet. Users can now hold WisdomTree tokenized funds directly on these chains and can be facilitated through either fiat (USD) or USDC via WisdomTree's stablecoin conversion service.

"These product suite and blockchain coverage expansions underscore our dedication to providing diverse and innovative solutions to meet the evolving needs of our clients," said Meredith Hannon, Head of Business Development, Digital Assets at WisdomTree. "With access to our comprehensive suite of tokenized funds and the ability to interact with them directly across these newly supported blockchains, our tokens are able to be held in third-party and self-custodial wallets, providing users with greater choice in how they access tokenized RWA. These enhancements not only broaden our platform's capabilities but also lay the groundwork to better serve our clients and the broader financial ecosystem."

The full suite of tokenized funds available in WisdomTree Connect includes:

- **Money Market Fund:**
 - WisdomTree Government Money Market Digital Fund (WTGXX)
- **Equity Index Funds:**
 - WisdomTree 500 Digital Fund (SPXUX)
 - WisdomTree Technology & Innovation 100 Digital Fund (TECHX)
- **Fixed Income Funds:**
 - WisdomTree Long Term Treasury Digital Fund (TWLGX)
 - WisdomTree 7-10 Year Treasury Digital Fund (WTSTX)
 - WisdomTree 3-7 Year Treasury Digital Fund (WTTSX)
 - WisdomTree TIPS Digital Fund (TIP SX)

- WisdomTree Floating Rate Treasury Digital Fund (FLTXX)
- WisdomTree Short-Duration Income Digital Fund (WTSIX)
- WisdomTree Short-Term Treasury Digital Fund (WTSYX)
- **Asset Allocation Funds**
 - WisdomTree Siegel Global Equity Digital Fund (EQTYX)
 - WisdomTree Siegel Longevity Digital Fund (LNGVX)
 - WisdomTree Siegel Moderate Digital Fund (MODRX)

A blog post with more details on the suite of funds and additional chains is available [here](#).

NOT FDIC INSURED | NO BANK GUARANTEE | NOT A BANK DEPOSIT | MAY LOSE VALUE | NOT SIPC PROTECTED | NOT INSURED BY ANY GOVERNMENT AGENCY

The products and services available through the WisdomTree Prime app and WisdomTree Connect are not endorsed, indemnified or guaranteed by any regulatory agency.

Important Digital Fund Information

You could lose money by investing in the WisdomTree Government Money Market Fund (WTGXX). Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's adviser is not required to reimburse the Fund for losses, and you should not expect that the adviser will provide financial support to the Fund at any time, including during periods of market stress.

Carefully consider the investment objectives, risks, charges, and expenses of the Digital Funds before investing. To obtain a prospectus containing this and other important information, please visit <https://www.wisdomtree.com/investments/regulatory>. Read the prospectus carefully before investing.

A blockchain is an open, distributed ledger that digitally records transactions in a verifiable way. A distributed ledger is a database in which data is stored in a decentralized manner. A blockchain stores transaction data in "blocks" that are linked together to form a "chain", and hence the name blockchain. Tokenization is the recording of digital representations of Fund shares on an applicable blockchain.

There are risks associated with investing, including possible loss of principal. The Digital Funds have limited performance history. Blockchain technology is a relatively new and untested technology, with little regulation. Blockchain systems could be vulnerable to fraud, particularly if a significant minority of participants colluded to defraud the rest. Potential risks also include vulnerability to theft, or inaccessibility, and future regulatory developments could affect its viability. Blockchain networks can also experience delays in transaction processing and settlement, particularly during periods of high network congestion or increased transaction volume. Flaws or errors in blockchain integrated recordkeeping could negatively impact the execution or recordkeeping of transactions in Digital Fund shares. Blockchain networks typically impose transaction fees in the form of the network's native digital asset. These fees can be unpredictable and may vary significantly depending on network conditions and levels of congestion. Investors should note that they may experience materially different service levels on different blockchains.

Cybersecurity attacks affecting a Digital Fund's third-party service providers, the application used to transact in Digital Fund shares, blockchain network, or the issuers of securities in which a Digital Fund invests may subject a Digital Fund to many of the same risks associated with direct cybersecurity breaches.

WisdomTree Digital Funds are distributed by Foreside Fund Services, LLC (FFS). Foreside Fund Services, LLC, (FFS) is not affiliated with WisdomTree, Inc. and its subsidiaries, nor any entity mentioned in the press release. FFS does not provide digital wallet or digital asset services.

Cautionary Statement Regarding Forward-Looking Statements

This press release may contain a number of “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, but are not limited to, statements about our ability to achieve our financial and business plans, goals and objectives and drive stockholder value, including with respect to our ability to successfully implement our strategy relating to WisdomTree Prime[®] and WisdomTree Connect[™], and other risk factors discussed from time to time in WisdomTree’s filings with the Securities and Exchange Commission (“SEC”), including those factors discussed under the caption “Risk Factors” in our most recent annual report on Form 10-K, filed with the SEC on February 26, 2025, and in subsequent reports filed with or furnished to the SEC. These forward-looking statements are based on WisdomTree’s management’s current expectations, estimates, projections and beliefs, as well as a number of assumptions concerning future events. These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside WisdomTree’s management’s control, that could cause actual results to differ materially from the results discussed in the forward-looking statements. Forward-looking statements included in this release speak only as of the date of this release. WisdomTree does not undertake any obligation to update its forward-looking statements to reflect events or circumstances after the date of this release except as may be required by the federal securities laws.
