# Nauticus Robotics, Inc. Announces Exchange Agreement to Reduce a Large Portion of its Debt and Increase Stockholders' Equity

HOUSTON, June 30, 2026 /PRNewswire/ -- [Nauticus Robotics, Inc.](#) (NASDAQ: KITT) ("Nauticus" or the "Company"), a leading innovator in autonomous subsea robotics and software solutions, today announced an exchange agreement to convert outstanding indebtedness into equity.

As part of its ongoing efforts to strengthen its balance sheet and improve its capital structure, Nauticus entered into an exchange agreement with an existing lender, pursuant to which the lender converted approximately \$4.0 million of outstanding indebtedness and accrued interest under the Company's Senior Secured Term Loan Agreement, dated September 18, 2023 into 4,800 shares of the Company's Series C Convertible Preferred Stock. The number of shares of the Company's Series C Convertible Preferred Stock issued in the exchange reflects the exchange terms negotiated by the parties.

The transaction eliminates approximately \$4.0 million of debt from the Company's balance sheet, increases stockholders' equity, and is expected to support the Company's continued efforts to maintain compliance with Nasdaq's stockholders' equity requirements.

## [About Nauticus Robotics](#)

Nauticus Robotics, Inc. develops autonomous robots for the ocean industries. Autonomy requires the extensive use of sensors, artificial intelligence, and effective algorithms for perception and decision allowing the robot to adapt to changing environments. The company's business model includes using robotic systems for service, selling vehicles and components, and licensing of related software to both the commercial and defense business sectors. Nauticus has designed and is currently testing and certifying a new generation of vehicles to reduce operational cost and gather data to maintain and operate a wide variety of subsea infrastructure. Besides a standalone service offering and forward-facing products, Nauticus' approach to ocean robotics has also resulted in the development of a range of technology products for retrofit/upgrading traditional ROV operations and other third-party vehicle platforms. Nauticus' services provide customers with the necessary data collection, analytics, and subsea manipulation capabilities to support and maintain assets while

reducing their operational footprint, operating cost, and greenhouse gas emissions, to improve offshore health, safety, and environmental exposure. <https://nauticusrobotics.com/>

### Cautionary Language Regarding Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the "Act"), and are intended to enjoy the protection of the safe harbor for forward-looking statements provided by the Act as well as protections afforded by other federal securities laws. Such forward-looking statements include but are not limited to: the expected timing of product commercialization or new product releases; customer interest in Nauticus' products; estimated operating results and use of cash; and Nauticus' use of and needs for capital. Generally, statements that are not historical facts, including statements concerning possible or assumed future actions, business strategies, events, or results of operations, are forward-looking statements.
