Microvision Reschedules Q1 2010 Financial and Operating Results Conference Call

REDMOND, Wash.--(BUSINESS WIRE)-- Microvision (NASDAQ:MVIS) announced today that it has rescheduled its conference call to discuss its first quarter 2010 financial and operating results and current business operations from May 3, 2010 to May 10, 2010 at 4:30 p.m. ET / 1:30 p.m. PT.

Participants may join the conference call by dialing (866) 362-4666 (for U.S. participants) or (617) 597-5313 (for International participants) ten minutes prior to the start of the conference. The conference pass-code number is 51645099. A replay of the conference call will be available for approximately 30 days following the call and can be accessed by dialing (888) 286-8010 (for U.S. participants) or (617) 801-6888 (for International participants). The replay pass-code is 49534174.

The conference call will also be broadcast over the Internet and can be accessed from the company's web site at www.microvision.com/investors. The replay of the webcast will be available through the company's website shortly after the live conference call concludes.

About Microvision

Microvision provides the PicoP(R) display technology platform designed to enable next-generation display and imaging products for pico projectors, vehicle displays and wearable displays that interface with mobile devices. The company's projection display engine uses highly efficient laser light sources which can create vivid images with high contrast and brightness. For more information, visit the company's website (www.microvision.com) and corporate blog (www.microvision.com/displayground).

Forward-Looking Statement

Certain statements contained in this release, including those using words such as "plans," are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the Company's forward-looking statements include the following: our ability to raise additional capital when needed; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims and other risk factors identified from time to time in the Company's SEC reports, including the Company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by the federal securities laws, we undertake no obligation to

publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
