The information contained in this Financial Supplement is preliminary, unaudited and based on data available on October 14, 2020. We have reclassified certain prior period amounts to be consistent with the current period presentation, which we believe is more meaningful to readers of our consolidated financial statements. This information speaks only as of the particular date or dates included in the schedules. We do not undertake any obligation to, and disclaim any duty to, correct or update any of the information provided in this Financial Supplement. Our future financial performance is subject to risks and uncertainties as described in our United States Securities and Exchange Commission (SEC) filings.

## BUSINESS

PNC is one of the largest diversified financial services companies in the United States and is headquartered in Pittsburgh, Pennsylvania. PNC has businesses engaged in retail banking, including residential mortgage, corporate and institutional banking and asset management, providing many of its products and services nationally. PNC's retail branch network is located primarily in markets across the Mid-Atlantic, Midwest and Southeast. PNC also has strategic international offices in four countries outside the U.S.

## DISCONTINUED OPERATIONS

On May 15, 2020, PNC completed the sale of its 31.6 million shares of BlackRock, Inc., common and preferred stock through a registered secondary offering. In addition, BlackRock repurchased 2.65 million shares from PNC. The total proceeds from the sale were $\$ 14.2$ billion in cash, net of $\$ .2$ billion in expenses, and resulted in a gain on sale of $\$ 4.3$ billion. Additionally, PNC contributed 500,000 BlackRock shares to the PNC Foundation on May 18, 2020. As a result, PNC has divested its entire holding in BlackRock. PNC and its affiliates only hold shares of BlackRock stock in a fiduciary capacity for clients of PNC and its affiliates. Activity for BlackRock for all periods presented on the Consolidated Income Statement have been reclassified to discontinued operations and prior period BlackRock investment balances have been reclassified to the Asset held for sale line on the Consolidated Balance Sheet in accordance with Accounting Standard Codification (ASC) 205-20, Presentation of Financial Statements - Discontinued Operations.

(a) Amounts include balances held with the Federal Reserve Bank of Cleveland of $\$ 70.6$ billion, $\$ 50.0$ billion, $\$ 19.6$ billion, $\$ 23.2$ billion and $\$ 18.8$ billion as of September 30 , 2020, June 30, 2020, March 31, 2020, December 31, 2019 and September 30, 2019, respectively.
(b) Amounts include assets and liabilities for which PNC has elected the fair value option. Our second quarter 2020 Form 10-Q included, and our third quarter 2020 Form 10-Q will include, additional information regarding these items.
(c) Represents our held for sale investment in BlackRock. In the second quarter of 2020, PNC divested its entire holding in BlackRock. Prior period BlackRock investment balances have been reclassified to the Asset held for sale line in accordance with ASC 205-20, Presentation of Financial Statements - Discontinued Operations. Our second quarter 2020 Form 10-Q included additional information related to the Blackrock divestiture.
(d) Amounts as of September 30, 2020 and June 30, 2020 and March 31, 2020 reflect the impact of adopting Accounting Standards Update 2016-13, Financial Instruments Credit Losses, which is commonly referred to as the Current Expected Credit Losses (CECL) standard and our transition from an incurred loss methodology for these reserves to an expected credit loss methodology. Our 2019 10-K and our first and second quarter 2020 Form 10-Qs included, and our third quarter 2020 Form 10-Q will include, additional information related to our adoption of this standard.
(e) Par value less than $\$ .5$ million at each date.

Table 3: Average Consolidated Balance Sheet (Unaudited) (a)

(a) Calculated using average daily balances.
(b) Amounts include average balances held with the Federal Reserve Bank of Cleveland of $\$ 60.0$ billion, $\$ 34.2$ billion, $\$ 17.3$ billion, $\$ 23.0$ billion and $\$ 15.3$ billion for the three months ended September 30, 2020, June 30, 2020, March 31, 2020, December 31, 2019, and September 30, 2019, respectively, and $\$ 37.3$ billion and $\$ 14.4$ billion for the nine months ended September 30, 2020 and September 30, 2019, respectively.

| Nonperforming assets to total assets |  | . $47 \%$ |  | . $43 \%$ |  | . $39 \%$ |  | . $43 \%$ |  | . $45 \%$ |
| Allowance for loan and lease losses to nonperforming loans (e) |  | 276\% |  | 316\% |  | 240\% |  | 168\% |  | 158\% |

(a) Represents loans related to customers in the real estate and construction industries.
(b) Excludes most unsecured consumer loans and lines of credit, which are charged off after 120 to 180 days past due and are not placed on nonperforming status.
(c) Nonperforming loans exclude certain government insured or guaranteed loans, loans held for sale and loans accounted for under the fair value option. Amounts in 2019 also excluded purchased impaired loans.
(d) In connection with the adoption of the CECL standard, nonperforming loans as of September 30, 2020, June 30, 2020 and March 31, 2020 include purchased credit deteriorated loans. Our 2019 Form 10-K and our first and second quarter 2020 Form 10-Qs included, and our third quarter 2020 Form 10-Q will include, additional information related to our adoption of the CECL standard.
(e) Ratios at September 30, 2020, June 30, 2020 and March 31, 2020 reflect the transition impact on our allowance for loan and lease losses from the adoption of the CECL standard along with the increases in reserves during 2020 due to the significant economic impact of COVID-19 and loan growth.

## Accruing Loans Past Due (Unaudited)

Pursuant to the interagency guidance issued in April 2020 and in connection with the credit reporting rules from the U.S. Coronavirus Aid, Relief and Economic Security Act (CARES Act), the delinquency status of loans modified due to COVID-19 related hardships are reported as of September 30, 2020 and June 30, 2020 in alignment with the rules set forth for banks to report delinquency status to the credit agencies. These rules require that COVID-19 related loan modifications be reported as follows:

- if current at the time of modification, the loan remains current throughout the modification period,
- if delinquent at the time of modification and the borrower was not made current as part of the modification, the loan maintains its reported as delinquent status during the modification period, or
- if delinquent at the time of modification and the borrower was made current as part of the modification or became current during the modification period, the loan is reported as current.
As a result, certain loans modified due to COVID-19 related hardships are not being reported as past due as of September 30, 2020 and June 30, 2020 based on the contractual terms of the loan, even where borrowers may not be making payments on their loans during the modification period. Our second quarter 2020 Form 10-Q included, and our third quarter 2020 Form 10-Q will include, additional information on COVID-19 related loan modifications.

(a) Excludes loans held for sale, amounts in 2019 also excluded purchased impaired loans.
(b) In connection with the adoption of the CECL standard, accruing loans past due as of September 30, 2020, June 30, 2020 and March 31, 2020 include purchased credit deteriorated loans. Our 2019 Form 10-K and our first and second quarter 2020 Form 10-Qs included, and our third quarter 2020 Form 10-Q will include, additional information related to our adoption of the CECL standard.

## Business Segment Descriptions (Unaudited)

Retail Banking provides deposit, lending, brokerage, insurance services, investment management and cash management products and services to consumer and small business customers. Our customers are serviced through our branch network, ATMs, call centers, online banking and mobile channels. The branch network is located primarily in markets across the Mid-Atlantic, Midwest and Southeast. In 2018, Retail Banking launched its national expansion strategy designed to grow customers with digitally-led banking and an ultra-thin branch network in markets outside of our existing retail branch network. Deposit products include checking, savings and money market accounts and certificates of deposit. Lending products include residential mortgages, home equity loans and lines of credit, auto loans, credit cards, education loans and personal and small business loans and lines of credit. The residential mortgage loans are directly originated within our branch network and nationwide, and are typically underwritten to government agency and/or third-party standards, and either sold, servicing retained, or held on our balance sheet. Brokerage, investment management and cash management products and services include managed, education, retirement and trust accounts.

Corporate \& Institutional Banking provides lending, treasury management, and capital markets-related products and services to mid-sized and large corporations, and government and not-for-profit entities. Lending products include secured and unsecured loans, letters of credit and equipment leases. The Treasury Management business provides payables, receivables, deposit and account services, liquidity and investments, and online and mobile banking products and services to our clients. Capital markets-related products and services include foreign exchange, derivatives, securities underwriting, loan syndications, mergers and acquisitions advisory and equity capital markets advisory related services. We also provide commercial loan servicing and technology solutions for the commercial real estate finance industry. Products and services are provided nationally.

Asset Management Group provides personal wealth management for high net worth and ultra high net worth clients and institutional asset management. The Asset Management group is comprised of three distinct operating units:

- Wealth management provides products and services to individuals and their families including investment and retirement planning, customized investment management, private banking, and trust management and administration for individuals and their families.
- Our Hawthorn unit provides multi-generational family planning including estate, financial, tax planning, fiduciary, investment management and consulting, private banking, personal administrative services, asset custody and customized performance reporting to ultra high net worth clients.
- Institutional asset management provides outsourced chief investment officer, custody, private real estate, cash and fixed income client solutions, and fiduciary retirement advisory services to institutional clients including corporations, healthcare systems, insurance companies, unions, municipalities and non-profits.

(a) Our business information is presented based on our internal management reporting practices. Net interest income in business segment results reflects PNC's internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors.

(a) Represents mortgage loan servicing balances for third parties and the related income.
(b) Presented as of period end, except for average customer-related statistics and net charge-offs, which are both shown for the three and nine months ended, respectively.
(c) Servicing fees net of impact of decrease in MSR value due to passage of time, including the impact from both regularly scheduled loan payments, prepayments, and loans that were paid down or paid off during the period.
(d) Mortgages with borrowers as part of residential real estate purchase transactions.
(e) Percentage of total consumer and business banking deposit transactions processed at an ATM or through our mobile banking application.
(f) Represents consumer checking relationships that process the majority of their transactions through non-teller channels.
(g) Excludes stand-alone mortgage offices and satellite offices (e.g., drive-ups, electronic branches and retirement centers) that provide limited products and/or services.
(h) Includes cash and money market balances

Table 19: Corporate \& Institutional Banking (Unaudited) (a)

[^5](b) Amounts reported in net interest income and noninterest income.
(c) Represents other noninterest income for valuations on commercial mortgage loans held for sale and related commitments, derivative valuations, originations fees, gains on sale of loans held for sale and net interest income on loans held for sale.
(d) Represents net interest income and noninterest income (primarily in corporate service fees) from loan servicing net of reduction in commercial mortgage servicing rights due to amortization expense and payoffs. Commercial mortgage servicing rights valuation, net of economic hedge is shown separately.
(e) Amounts are reported in corporate service fees.
(f) Presented as of period end.

THE PNC FINANCIAL SERVICES GROUP, INC.
Table 20: Asset Management Group (Unaudited) (a)

[^6]
## Glossary of Terms

Amortized cost basis - Amount at which a financial asset is originated or acquired, adjusted for applicable accretion or amortization of premiums, discounts and net deferred fees or costs, collection of cash, charge-offs, foreign exchange and fair value hedge accounting adjustments.

Adjusted average total assets - Primarily consisted of total average quarterly (or annual) assets plus/less unrealized losses (gains) on investment securities, less goodwill and certain other intangible assets (net of eligible deferred taxes).

Basel III common equity Tier 1 capital - Common stock plus related surplus, net of treasury stock, plus retained earnings, plus accumulated other comprehensive income for securities currently, and those transferred from, available for sale and pension and other postretirement benefit plans, subject to phase-in limits, less goodwill, net of associated deferred tax liabilities, less other disallowed intangibles, net of deferred tax liabilities and plus/less other adjustments. Significant common stock investments in unconsolidated financial institutions, as well as mortgage servicing rights and deferred tax assets, must then be deducted to the extent such items individually exceed $10 \%$, or in the aggregate exceed $15 \%$, of our adjusted Basel III common equity Tier 1 capital.

Basel III common equity Tier 1 capital (Tailoring Rules) - Common stock plus related surplus, net of treasury stock, plus retained earnings, less goodwill, net of associated deferred tax liabilities, less other disallowed intangibles, net of deferred tax liabilities and plus/less other adjustments. Investments in unconsolidated financial institutions, as well as mortgage servicing rights and deferred tax assets, must then be deducted to the extent such items individually exceed $25 \%$ of our adjusted Basel III common equity Tier 1 capital.

Basel III common equity Tier 1 capital ratio - Common equity Tier 1 capital divided by period-end risk-weighted assets (as applicable).

Basel III Tier 1 capital - Common equity Tier 1 capital, plus qualifying preferred stock, plus certain trust preferred capital securities, plus certain noncontrolling interests that are held by others and plus/less other adjustments.

Basel III Tier 1 capital ratio - Tier 1 capital divided by period-end risk-weighted assets (as applicable).
Basel III Total capital - Tier 1 capital plus qualifying subordinated debt, plus certain trust preferred securities, plus, under the Basel III transitional rules and the standardized approach, the allowance for loan and lease losses included in Tier 2 capital and other.

Basel III Total capital ratio - Basel III Total capital divided by period-end risk-weighted assets (as applicable).
Charge-off - Process of removing a loan or portion of a loan from our balance sheet because it is considered uncollectible. We also record a charge-off when a loan is transferred from portfolio holdings to held for sale by reducing the loan carrying amount to the fair value of the loan, if fair value is less than carrying amount.

Current Expected Credit Loss (CECL) - Methodology for estimating the allowance for credit losses on in-scope financial assets held at amortized cost and unfunded lending related commitments which uses a combination of expected losses over a reasonable and supportable forecast period, a reversion period and long run average credit losses for their estimated contractual term.

Combined loan-to-value ratio (CLTV) - This is the aggregate principal balance(s) of the mortgages on a property divided by its appraised value or purchase price.

Common shareholders' equity - Total shareholders' equity less the liquidation value of preferred stock.
Credit valuation adjustment - Represents an adjustment to the fair value of our derivatives for our own and counterparties' nonperformance risk.

Criticized commercial loans - Loans with potential or identified weaknesses based upon internal risk ratings that comply with the regulatory classification definitions of "Special Mention," "Substandard" or "Doubtful."

Discretionary client assets under management - Assets over which we have sole or shared investment authority for our customers/ clients. We do not include these assets on our Consolidated Balance Sheet.

Duration of equity - An estimate of the rate sensitivity of our economic value of equity. A negative duration of equity is associated with asset sensitivity (i.e., positioned for rising interest rates), while a positive value implies liability sensitivity (i.e., positioned for declining interest rates). For example, if the duration of equity is -1.5 years, the economic value of equity increases by $1.5 \%$ for each 100 basis point increase in interest rates.

Earning assets - Assets that generate income, which include: interest-earning deposits with banks; loans held for sale; loans; investment securities; and certain other assets.

Effective duration - A measurement, expressed in years, that, when multiplied by a change in interest rates, would approximate the percentage change in value of on- and off- balance sheet positions.

Efficiency - Noninterest expense divided by total revenue.
Fair value - The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fee income - Refers to the following categories within Noninterest income: Asset management; Consumer services; Corporate services; Residential mortgage; and Service charges on deposits.

FICO score - A credit bureau-based industry standard score created by Fair Isaac Co. which predicts the likelihood of borrower default. We use FICO scores both in underwriting and assessing credit risk in our consumer lending portfolio. Lower FICO scores indicate likely higher risk of default, while higher FICO scores indicate likely lower risk of default. FICO scores are updated on a periodic basis.

Futures and forward contracts - Contracts in which the buyer agrees to purchase and the seller agrees to deliver a specific financial instrument at a predetermined price or yield. May be settled either in cash or by delivery of the underlying financial instrument.

GAAP - Accounting principles generally accepted in the United States of America.
Impaired loans - Loans are determined to be impaired when, based on current information and events, it is probable that all contractually required payments will not be collected. Impaired loans include commercial nonperforming loans and consumer and commercial TDRs, regardless of nonperforming status. Excluded from impaired loans are nonperforming leases, loans held for sale, loans accounted for under the fair value option, smaller balance homogenous type loans and purchased impaired loans.

Leverage ratio - Basel III Tier 1 capital divided by average quarterly adjusted total assets.
LIBOR - Acronym for London InterBank Offered Rate. LIBOR is the average interest rate charged when banks in the London wholesale money market (or interbank market) borrow unsecured funds from each other. LIBOR rates are used as a benchmark for interest rates on a global basis. Our product set includes loans priced using LIBOR as a benchmark.

Loan-to-value ratio (LTV) - A calculation of a loan's collateral coverage that is used both in underwriting and assessing credit risk in our lending portfolio. LTV is the sum total of loan obligations secured by collateral divided by the market value of that same collateral. Market values of the collateral is based on an independent valuation of the collateral. For example, a LTV of less than $90 \%$ is better secured and has less credit risk than a LTV of greater than or equal to $90 \%$.

Loss given default (LGD) - Assuming a credit obligor enters default status, an estimate of loss, based on collateral type, collateral value, loan exposure, and other factors. LGD is net of recovery, through any means, including but not limited to the liquidation of collateral or deficiency judgments rendered from foreclosure or bankruptcy proceedings.

Nonaccrual loans - Loans for which we do not accrue interest income. Nonaccrual loans include nonperforming loans, in addition to loans accounted for under fair value option and loans accounted for as held for sale for which full collection of contractual principal and/or interest is not probable.

Nondiscretionary client assets under administration - Assets we hold for our customers/clients in a nondiscretionary, custodial capacity. We do not include these assets on our Consolidated Balance Sheet.

Nonperforming assets - Nonperforming assets include nonperforming loans, OREO and foreclosed asserts. We do not accrue interest income on assets classified as nonperforming.

Nonperforming loans - Loans accounted for at amortized cost whose credit quality has deteriorated to the extent that full collection of contractual principal and interest is not probable, including TDRs which have not returned to performing status. Interest income is not recognized on nonperforming loans. Nonperforming loans exclude certain government insured or guaranteed loans for which we expect to collect substantially all principal and interest, loans held for sale and loans accounted for under the fair value option.

Notional amount - A number of currency units, shares, or other units specified in a derivative contract.
Off-balance sheet credit exposures - Standby letters of credit, financial guarantees, commitments to extend credit and similar unfunded obligations that are not unilaterally, unconditionally, cancelable at PNC's option.

Operating leverage - The period to period dollar or percentage change in total revenue less the dollar or percentage change in noninterest expense. A positive variance indicates that revenue growth exceeded expense growth (i.e., positive operating leverage) while a negative variance implies expense growth exceeded revenue growth (i.e., negative operating leverage).

Options - Contracts that grant the purchaser, for a premium payment, the right, but not the obligation, to either purchase or sell the associated financial instrument at a set price during a specified period or at a specified date in the future.

Other real estate owned (OREO) and foreclosed assets - Assets taken in settlement of troubled loans primarily through deed-in-lieu of foreclosure or foreclosure. Foreclosed assets include real and personal property. Certain assets that have a government-guarantee which are classified as other receivables are excluded.

Probability of default (PD) - An estimate of the likelihood that a credit obligor will enter into default status.
Purchased credit deteriorated assets - Acquired loans or debt securities that, at acquisition, are determined to have experienced a more-than-insignificant deterioration in credit quality since origination or issuance.

Recovery - Cash proceeds received on a loan that we had previously charged off. We credit the amount received to the allowance for loan and lease losses.

Reasonable and supportable forecast period (RSFP) - In context of CECL, the period for which forecasts and projections of macroeconomic variables have been determined to be reasonable and supportable, and are used as inputs for ACL measurement.

Risk-weighted assets - Computed by the assignment of specific risk-weights (as defined by the Board of Governors of the Federal Reserve System) to assets and off-balance sheet instruments.

Servicing rights - An intangible asset or liability created by an obligation to service assets for others. Typical servicing rights include the right to receive a fee for collecting and forwarding payments on loans and related taxes and insurance premiums held in escrow.

Supplementary leverage ratio - Basel III Tier 1 capital divided by Supplementary leverage exposure.
Taxable-equivalent interest income - The interest income earned on certain assets that is completely or partially exempt from federal income tax. These tax-exempt instruments typically yield lower returns than taxable investments. To provide more meaningful comparisons of yields and margins for all interest-earning assets, we use interest income on a taxable-equivalent basis in calculating average yields and net interest margins by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on other taxable investments. This adjustment is not permitted under GAAP on the Consolidated Income Statement.

Troubled debt restructuring (TDR) - A loan whose terms have been restructured in a manner that grants a concession to a borrower experiencing financial difficulties.

Yield curve - A graph showing the relationship between the yields on financial instruments or market indices of the same credit quality with different maturities. For example, a "normal" or "positive" yield curve exists when long-term bonds have higher yields than short-term bonds. A "flat" yield curve exists when yields are the same for short-term and long-term bonds. A "steep" yield curve exists when yields on long-term bonds are significantly higher than on short-term bonds. An "inverted" or "negative" yield curve exists when short-term bonds have higher yields than long-term bonds.

[^0]:     December 31, 2019 and September 30, 2019, respectively, and $\$ 254$ million and $\$ 36$ million for the nine months ended September 30, 2020 and September 30 , 2019 , respectively.
     R and Series S preferred stock.
    (c) The effective income tax rates are generally lower than the statutory rate due to the relationship of pretax income to tax credits and earnings that are not subject to tax.

[^1]:    (a) Yields and rates are calculated using the applicable annualized interest income or interest expense divided by the applicable average earning assets or interest-bearing liabilities. Net interest margin is the total yield on interest-earning assets minus the total rate on interest-bearing liabilities and includes the benefit from use of noninterestbearing sources. To provide more meaningful comparisons of net interest margins, we use net interest income on a taxable-equivalent basis in calculating average yields used in the calculation of net interest margin by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on taxable investments. This adjustment is not permitted under generally accepted accounting principles (GAAP) in the Consolidated Income Statement. The taxable-equivalent adjustments to net interest income for the three months ended September 30, 2020, June 30, 2020, March 31, 2020, December 31, 2019 and September 30, 2019 were $\$ 17$ million, $\$ 19$ million, $\$ 22$ million, $\$ 23$ million and $\$ 25$ million, respectively. The taxable-equivalent adjustments to net interest income for the nine months ended September 30, 2020 and September 30, 2019 were $\$ 58$ million and $\$ 79$ million, respectively.
    (b) Represents the positive effects of investing noninterest-bearing sources in interest-earning assets.

[^2]:    a) Represents loans to customers in the real estate and construction industries

[^3]:    (a) Represents the impact of adopting ASU 2016-13, Financial Instruments - Credit Losses on January 1, 2020, and our transition from an incurred loss methodology for our reserves to an expected credit loss methodology. Our 2019 Form 10-K and our first and second quarter 2020 Form 10-Qs included, and our third quarter 2020 Form 10-Q will include, additional information related to our adoption of the CECL standard.
    (b) See Table 8 for the components of the Provision for credit losses under CECL being reported on the Consolidated Income Statement.

[^4]:    (a) See note (a) on page 14.

[^5]:    (a) See note (a) on page 14.

[^6]:    (a) See note (a) on page 14.
    (b) As of period end.
    (c) Excludes brokerage account client assets.
