New Residential Investment Corp. Announces Authorization of Share Repurchase Program of Up to \$200 Million

NEW YORK--(BUSINESS WIRE)-- New Residential Investment Corp. (NYSE: NRZ, "New Residential", the "Company"), a leading provider of capital and services to the mortgage and financial services industry, announced today that the Company's Board of Directors (the "Board") authorized the repurchase of up to \$200 million of the Company's common shares through December 31, 2020.

Under the program, the Company may purchase its shares from time to time in the open market or in privately negotiated transactions. The amount and timing of the purchases will depend on a number of factors including the price and availability of the Company's shares, trading volume, capital availability, Company performance and general economic and market conditions. The Company may also from time to time establish one or more plans under Rule 10b5-1 of the Securities Exchange Act of 1934 or by means of one or more tender offers to facilitate purchases of its shares under this authorization. The share repurchase program may be suspended or discontinued at any time.

"Our Board and management believe that our Company's value and long-term strategy are not currently reflected in our share price," said Michael Nierenberg, Chairman, Chief Executive Officer and President. "The program we announced today reflects our confidence in our business and demonstrates our commitment to driving shareholder value. We intend to opportunistically consider the use of this repurchase program when it compares favorably to other capital deployment alternatives."
