

Forward Air Corporation Reports Third Quarter 2016 Results

GREENEVILLE, Tenn.--(BUSINESS WIRE)-- Forward Air Corporation (NASDAQ:FWRD) today reported operating revenue, income from operations, net income and diluted earnings per share for the three and nine months ended September 30, 2016.

Operating revenue for the quarter ended September 30, 2016 increased 1.0% to \$249.6 million from \$247.1 million for the same quarter in 2015. Income from operations was \$24.7 million, compared to \$24.6 million in the prior-year quarter. Net income during the period was \$11.9 million compared to \$15.7 million in the third quarter of 2015. Net income per diluted share for the third quarter of 2016 was \$0.39 compared to \$0.50 in the prior-year quarter.

Third quarter income from operations of \$24.7 million was not adjusted, and compares to adjusted income from operations of \$28.5 million for the third quarter of 2015. Adjusted net income decreased to \$15.5 million during the third quarter of 2016 from \$17.0 million in the prior-year quarter. Similarly, adjusted earnings per diluted share for the third quarter of 2016 decreased to \$0.51 compared to \$0.54 in the prior-year quarter. A tabular reconciliation of non-GAAP financial measures to reported results prepared in accordance with accounting principles generally accepted in the United States ("GAAP") is contained in the financial summary statements attached to this press release.

Bruce A. Campbell, Chairman, President, and CEO, commenting on the third quarter results said, "Our third quarter results were in line with our revised guidance and reflected the impact of a sluggish economic environment. The Expedited LTL team did a good job managing costs and preserving margin despite soft volumes, which improved towards the end of the quarter. Expedited Truckload Services continued to grow its revenue, but it faced margin pressure due to loose truckload capacity. Our Intermodal group delivered solid revenue and operating income in a very challenging import market, while our Pool Distribution segment posted a slight revenue gain as it ramped up its recent new business wins."

Commenting on the Company's fourth quarter guidance, Michael J. Morris, Senior Vice President and CFO, said, "In light of the weak economic backdrop, and the fact that the fourth quarter of 2016 has one less operating day than the prior year quarter, we expect fourth quarter year-over-year revenue growth will be flat to down 4%. We expect net income per diluted share for the fourth quarter of 2016 to be between \$0.37 and \$0.41, compared to \$0.75 in the prior-year quarter which included a \$0.15 tax benefit. On an adjusted basis, we expect adjusted net income per diluted share to be between \$0.53 and \$0.57, compared to \$0.61 in the prior-year quarter."

Review of Financial Results

Forward Air will hold a conference call to discuss third quarter 2016 results on Friday, October 21, 2016 at 9:00 a.m. EDT. The Company's conference call will be available online at www.forwardair.com or by dialing (800) 230-1074. A replay of the conference call will be available at www.forwardair.com beginning shortly after the completion of the live call.

About Forward Air Corporation

Forward Air Corporation's ("the Company", "we", "our") services are classified into four principal reportable segments: Expedited LTL, Expedited Truckload Services ("TLX"), Intermodal and Pool Distribution.

In our Expedited LTL segment, we provide time-definite transportation services to the North American deferred air freight market. Our Expedited LTL service operates a comprehensive national network for the time-definite surface transportation of expedited ground freight. The Expedited LTL service offers customers local pick-up and delivery and scheduled surface transportation of cargo as a cost effective, reliable alternative to air transportation. Expedited LTL's other services include shipment consolidation and deconsolidation, warehousing, customs brokerage, and other handling. The Expedited LTL segment primarily provides its transportation services through a network of terminals located at or near airports in the United States and Canada.

In our TLX segment, we provide expedited truckload brokerage, dedicated fleet services and maximum security and temperature-controlled logistics services. We are able to expedite this service by utilizing a dedicated fleet of team owner operators, some team company drivers as well as third party transportation providers. The TLX segment

provides full truckload service in the United States and Canada.

In our Intermodal segment, we provide container and intermodal drayage services primarily within the Midwest region of the United States. Drayage is essentially the first and last mile of the movement of an intermodal container. We are providing this service both to and from ports and rail heads. Our Intermodal segment also provides dedicated contract and Container Freight Station (“CFS”) warehouse and handling services.

In our Pool Distribution segment, we provide pool distribution services throughout the Mid-Atlantic, Southeast, Midwest and Southwest continental United States. Pool Distribution involves managing high-frequency handling and distribution of time-sensitive product to numerous destinations in specific geographic regions. Our primary customers for this service are regional and nationwide distributors and retailers, such as mall, strip mall and outlet based retail chains.

Forward Air Corporation Reconciliation of U.S. GAAP and Non-GAAP Financial Measures

The Company reports its financial results in accordance with GAAP (also referred to herein as “reported”). However, the Company also uses “non-GAAP financial measures” that are derived on the basis of methodologies other than in accordance with GAAP. Specifically, the Company believes that meaningful analysis of its financial performance in 2016 and 2015 requires an understanding of the factors underlying that performance, including an understanding of items that are non-operational and related to our acquisition activity. Management uses these non-GAAP financial measures in making financial, operating, compensation and planning decisions and in evaluating the Company’s performance.

This press release contains the following non-GAAP financial measures: adjusted income from operations, adjusted net income, adjusted earnings per diluted share, adjusted effective income tax rate and guidance with respect to adjusted net income per diluted share. These measures exclude intangible asset impairment costs and tax ramifications related to TQI for the three months ended September 30, 2016 and December 31, 2016, integration costs related to the acquisition of CLP Towne Inc. and tax benefits in 2015 from amending prior year returns from our results for all periods reconciled below for 2015. The Company believes that excluding these items will assist investors in understanding our core operating performance and allow for more accurate comparisons of results.

Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company’s reported results prepared in accordance with GAAP. Our non-GAAP financial information does not represent a comprehensive basis of accounting. As required by the Securities and Exchange Act of 1933 and the rules and regulations promulgated thereunder, the tables below present, for the periods indicated, a reconciliation of our presented non-GAAP financial measures to the most directly comparable GAAP financial measures.

Items impacting comparability:					
Impact of TQI impairment on income taxes	—	(4.7)	18.2%	4.7	0.16
Low range of guidance (Non-GAAP)	\$ 25.7	\$ 9.5	37.0%	\$ 16.2	\$ 0.53

Three months ended December 31, 2016 - Forecast

	Income before taxes	Income taxes	Effective tax rate	Net Income	Diluted earnings per share
High range of guidance (GAAP)	\$ 28.0	\$ 15.2	54.4%	\$ 12.8	\$ 0.41
Items impacting comparability:					
Impact of TQI impairment on income taxes	—	(4.8)	17.4%	4.8	0.16
High range of guidance (Non-GAAP)	\$ 28.0	\$ 10.4	37.0%	\$ 17.6	\$ 0.57

Note Regarding Forward-Looking Statements

This press release contains “forward-looking statements” within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as: “anticipate,” “intend,” “plan,” “goal,” “seek,” “believe,” “project,” “estimate,” “expect,” “strategy,” “future,” “likely,” “may,” “should,” “will” and similar references to future periods. Examples of forward-looking statements include, among others, statements we make regarding expected operating results, such as revenue growth and earnings, and guidance relating to income per diluted share, adjusted income per diluted share and adjusted effective tax rate for the fourth quarter.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore, you should not rely on any of these forward-looking statements. Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the following: economic factors such as recessions, inflation, higher interest rates and downturns in customer business cycles, our inability to maintain our historical growth rate because of a decreased volume of freight moving through our network or decreased average revenue per pound of freight moving through our network, increasing competition and pricing pressure, surplus inventories, loss of a major customer, the creditworthiness of our customers and their ability to pay for services rendered, our ability to secure terminal facilities in desirable locations at reasonable rates, the inability of our information systems to handle an increased volume of freight moving through our network, changes in fuel prices, claims for property damage, personal injuries or workers’ compensation, employment matters including rising health care costs, enforcement of and changes in governmental regulations, environmental and tax matters, the handling of hazardous materials, the availability and compensation of qualified independent owner-operators and freight handlers needed to serve our transportation needs, our inability to successfully integrate acquisitions and the risks described in our Annual Report on Form 10-K for the year ended December 31, 2015.

Any forward-looking statement made by us in this press release is based only on information currently available to us and speaks only as of the date on which it is made. We undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.
