Fiscal Q1 2016 Financial Results

Revenue for the first quarter of fiscal 2016 increased 12% to \$15.7 million from \$14.0 million in the same year-ago quarter. The improvement was primarily due to increased deployments by the Company's incumbent local exchange carrier (ILEC) and competitive local exchange carrier (CLEC) customers. The revenue increase was partially offset by temporary project delays impacting customers outside the U.S.

Gross profit increased 16% to \$6.7 million (42.6% of revenue) from \$5.7 million (41.1% of revenue) in the first fiscal quarter of 2015.

Operating expenses were \$4.7 million, an increase of 14% compared to \$4.1 million in the same year-ago quarter.

Pre-tax income increased 23% to \$2.0 million from \$1.6 million in the same year-ago quarter.

Net income increased 29% to \$1.4 million or \$0.10 per diluted share from \$1.1 million or \$0.08 per diluted share in the same year-ago quarter.

During the quarter ended December 31, 2015, cash, cash equivalents and investments increased 6% to \$36.2 million from \$34.3 million at the end of the prior quarter. The Company had no debt at quarter end.

Order backlog (defined as purchase orders received but not yet fulfilled) at December 31,

2015 decreased 5% to \$3.4 million from \$3.5 million at September 30, 2015, and increased 37% from \$2.5 million compared to December 31, 2014.

Management Commentary

“Our strong financial performance was evident in our Q1 results, which demonstrated another quarter of growth and profitability,” said Clearfield CEO, Cheri Beranek. “Revenue, gross profit and net income saw solid growth on a year-over-year basis, as we continued to penetrate the ILEC market and make steady progress on our key initiatives for fiscal 2016.

“To further these initiatives, we are judiciously increasing our capital expenditures to invest in our IT infrastructure and enterprise resource planning systems. We are also making investments to obtain necessary certifications that allow us the ‘right to hunt’ in the Tier 1 space. Additionally, we continue to strengthen our sales and marketing teams, in both executive and field positions, in order to broaden our customer outreach and increase our visibility in the marketplace, including in Tier 1, 2 and 3 ILEC communities, and with wireless service providers, cable operators and competitive carriers (CLECs). The strength of our competitive product offerings, which can reduce the total cost of ownership for a service provider by as much as 50%, gives us confidence in the future success of these efforts.

“The effect of the government broadband subsidy program, Connect America Fund Phase II, is also slowly starting to take shape throughout the industry. It has created an opportunity for Clearfield to capitalize on a major, industry-wide wave of fiber deployments, especially as service providers strive to remain technologically relevant. While the actual timing of fiber roll-outs could be delayed by factors outside of our control, we are positioning the Company for an anticipated major roll-out during the second half of our fiscal year.

“Given our fiscal Q1 results and progress on key initiatives, Clearfield remains on track for at least 10% revenue growth in fiscal 2016, with revenue growth accelerating in fiscal 2017 and beyond, and operating income growing in step with revenue.”

About Clearfield, Inc.

Clearfield, Inc. (NASDAQ:CLFD) designs, manufactures and distributes fiber optic management products for the communications networks of leading ILECS, CLECs, MSO/cable TV companies and mobile broadband providers. The Company helps service providers solve the Fiber Puzzle, which is how to reduce the high costs associated with deploying, managing, protecting and scaling a fiber optic network to deliver the mobile, residential and business services customers want. Based on the patented Clearview™ Cassette, Clearfield’s unique single-architected, modular fiber management platform is designed to lower the cost of broadband deployment and maintenance by consolidating, protecting and distributing incoming and outgoing fiber circuits, and enabling its customers to scale their operations as their subscriber revenues increase. Headquartered in Minneapolis, MN, Clearfield deploys more than a million fiber ports each year. For more information, visit www.seeclearfield.com.

Cautionary Statement Regarding Forward-Looking Information

Forward-looking statements contained herein and in the FieldReport are made pursuant to the safe harbor provisions of the Private Litigation Reform Act of 1995. Words such as “may,” “will,” “expect,” “believe,” “anticipate,” “estimate,” “outlook,” or “continue” or comparable terminology are intended to identify forward-looking statements. Such forward looking statements include, for example, statements about the Company’s future revenue and operating performance, growth of the FTTH market, effectiveness of the Company’s sales and marketing strategies and organization, utilization of manufacturing capacity, and the development and marketing of products. These statements are based upon the Company’s current expectations and judgments about future developments in the Company’s business. Certain important factors could have a material impact on the Company’s performance, including, without limitation: our results of operations could be adversely affected now that the stimulus funds of the American Recovery and Reinvestment Act are fully allocated and projections are nearing completion; National Broadband Plan’s transitioning from the USF to the CAF program may cause our customers and prospective customers to delay or reduce purchases; a significant percentage of our sales in the last three fiscal years have been made to a small number of customers, and the loss of these major customers would adversely affect us; intense competition in our industry may result in price reductions, lower gross profits and loss of market share; our results of operations could be adversely affected by economic conditions and the effects of these conditions on our customers’ businesses; our operating results may fluctuate significantly from quarter to quarter, which may make budgeting for expenses difficult and may negatively affect the market price of our common stock; to compete effectively, we must continually improve existing products and introduce new products that achieve market acceptance; we may face circumstances in the future that will result in impairment charges, including, but not limited to, significant goodwill impairment charges; we rely on single-source suppliers, which could cause delays, increases in costs or prevent us from completing customer orders, all of which could materially harm our business; we face risks associated with expanding our sales outside of the United States; our success depends upon adequate protection of our patent and intellectual property rights; further consolidation among our customers may result in the loss of some customers and may reduce sales during the pendency of business combinations and related integration activities; we are dependent on key personnel; product defects or the failure of our products to meet specifications could cause us to lose customers and sales or to incur unexpected expenses; and other factors set forth in Part I, Item 1A.
