The Coretec Group Releases Shareholder Letter Highlighting New Hire, Commercialization Process, Coronavirus Impact and Shareholder Call Updates

ANN ARBOR, MI / ACCESSWIRE / March 18, 2020/ The Coretec Group, Inc., (OTC PINK:CRTG) (the "Company"), a company developing a portfolio of silicon-based materials ("CHS"), today issued a letter from CEO Michael Kraft to its shareholders:

Dear Coretec Shareholders and Interested Parties:

Thank you for your interest and ongoing support of The Coretec Group (Coretec).

We wanted to reflect on key updates from Q1 2020 regarding global market conditions, as well as Coretec's continued growth through new hires and progress made towards commercializing Coretec's cyclohexasilane (CHS) technology.

Top of mind for many at the moment is the Coronavirus pandemic. The virus has not impacted our business nor our development efforts, including those with a European CHS Supplier that we've discussed in prior communications. We remain vigilant as we continue to hire and are taking precautions with our growing staff to account for their safety. We've issued a full statement on the coronavirus and its impact on Coretec, [here](#).

Coretec has commenced its hiring efforts with the addition of Michelle Tokarz as Director of Business Development. Tokarz holds a PhD in Materials Science from the University of Michigan, has broad experience in the commercialization of advanced materials and technology, and is based in the Ann Arbor office. The full announcement on Michelle can be found [here](#).

On the business development front, the negotiations with a potential European CHS supplier are coming to a close and an announcement regarding next steps will be provided as soon as possible. To stay up to date on these updates, we encourage all interested parties to connect with us on Twitter, LinkedIn and Facebook.
