UiPath Recognizes Global Winners of 2022 Partner Awards at FORWARD 5 Conference

Global automation market leader celebrates automation visionaries across seven categories

LAS VEGAS--(BUSINESS WIRE)-- UiPath (NYSE: PATH), a leading enterprise automation software company, today at its global user conference, FORWARD 5, announced the winners of the UiPath 2022 Partner Awards. The awards celebrate partners that have demonstrated outstanding results helping organizations implement and scale automation to drive superior business outcomes, operational efficiencies, and customer service.

More than 5,000 partners make up the UiPath Partner Network, a global group of carefully vetted professionals dedicated to enabling companies to make work more fulfilling, valuable, and strategic. UiPath partners empower their customers to build fully automated enterprises, applying automation to every facet of their business operations using the UiPath Business Automation Platform. These organizations can also leverage the power of UiPath to automate their customers' needs, solving for business challenges that were previously handled only through arduous and expensive IT and engineering.

"With about 70% of our customers relying on a partner to start their automation journeys, the 2022 UiPath Partner Awards recognize the true driving force behind the success of UiPath and celebrate our shared momentum over the past year," said Jay Snyder, Senior Vice President and Global Head of Customer Success and Partners at UiPath. "We congratulate each of the winners, along with all of our partners, for their expertise in and commitment to the automation imperative. Together, we're creating a world where robots work so people can thrive."

EY was recognized as the Global Partner of the Year for being the top performing partner in both global leadership and impact. EY has significantly leveraged the full breadth of the UiPath Business Automation Platform to create innovative solutions, deliver value to customers, and create an elevated customer experience.
