Skechers GO GOLF® Elite Athlete Brooke Henderson Sets Canadian Pro Title Record

Earning 9th career victory at Meijer LPGA Classic, Henderson now holds more titles than any Canadian golf pro

MANHATTAN BEACH, Calif.--(BUSINESS WIRE)-- Skechers elite golfer Brooke Henderson etched her name in the record books with a win at the Meijer LPGA Classic yesterday at Blythefield Country Club in Grand Rapids, Michigan. Competing in Skechers GO GOLF, Henderson won by finishing 21 under par to achieve her ninth LPGA title and took sole ownership of the record for most wins by a Canadian on the LPGA or PGA Tours. Henderson also matched the tournament record that she set with a previous win in 2017.

"I was honestly left a bit speechless today—to now hold the Canadian wins title is an incredible honour, especially considering the legendary careers of Sandra Post, Mike Weir, and George Knudson," said Brooke Henderson. "I've always had serious goals and aspirations for my career, but never did I imagine reaching this one so quickly. I felt confident holding the lead through each day, but it was certainly close at the end for what I'm sure was an exciting finish for the fans. To have my family watching from the course, especially my dad on Father's Day, meant the world to me. I appreciate the support of my family, golf fans and Skechers along this journey."

"There is not a more deserving or amazing talent than Brooke Henderson to earn the record for all-time wins by a Canadian pro golfer," said Michael Greenberg, president of Skechers. "We've been cheering along with the fans as Brooke has taken these nine wins so early in her career. She's an inspiration and an essential asset to our team as she proves again and again that when competing in Skechers GO GOLF, there is no limit to what you can accomplish in your game."

Henderson has become a prominent face in women's golf since turning professional in December 2014. She won her first LPGA Tour event in 2015 at the Cambria Portland Classic, a title she would defend with her second career win in 2016. She then went on to become the second youngest player to capture a major championship with her win at the 2016 KPMG Women's PGA Championship. In 2016, Brooke also represented Canada at the 2016 Olympic games in Brazil, where she tied for seventh place. In 2018, she was the first Canadian to win the Lotte Championship, and she also became the first Canadian in 45 years to win the national championship at the CP Women's Open. Now with nine titles, Henderson owns the record for most professional golf wins by a male or female Canadian—surpassing greats Sandra Post, Mike Weir, and George Knudson.

Henderson joined the Skechers Performance team in 2016 and wears Skechers GO GOLF footwear and apparel on tour and has been featured in ongoing marketing campaigns for the brand. This weekend she competed in Skechers GO GOLF Elite 3-Deluxe™ footwear set to release to the public later this year.

Known for its lightweight, high-quality, stable and comfortable designs, Skechers Performance GO GOLF has achieved prominence within the golf category alongside the brand's award-winning running, walking and training collections. The Skechers Performance GO GOLF apparel line offers athletes comfort and freedom of movement through a wide assortment of styles constructed with innovative moisture-wicking fabrics in a variety of colors for both men and women.

Skechers Performance GO GOLF is available at Skechers retail stores and [skechers.com](https://www.skechers.com) as well as select retail partners, including specialty golf pro shops.

This announcement contains forward-looking statements that are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, without limitation, Skechers' future domestic and international growth, financial results and operations including expected net sales and earnings, its development of new products, future demand for its products, its planned domestic and international expansion, opening of new stores and additional expenditures, and advertising and marketing initiatives. Forward-looking statements can be identified by the use of forward-looking language such as "believe," "anticipate," "expect," "estimate," "intend," "plan," "project," "will be," "will continue," "will result," "could," "may," "might," or any variations of such words with similar meanings. Any such statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected in forward-looking statements. Factors that might cause or contribute to such differences include international economic, political and market conditions including the challenging consumer retail markets in the United States; sustaining, managing and forecasting costs and proper inventory levels; losing any significant customers; decreased demand by industry retailers and cancellation of order commitments due to the lack of popularity of particular designs and/or categories of products; maintaining brand image and intense competition among sellers of footwear for consumers, especially in the highly competitive performance footwear market; anticipating, identifying, interpreting or forecasting changes in fashion trends, consumer demand for the products and the various market factors described above; sales levels during the spring, back-to-school and holiday selling seasons; and other factors referenced or incorporated by reference in Skechers' annual report on Form 10-K for the year ended December 31, 2018 and its quarterly report on Form 10-Q for the three months ended March 31, 2019. The risks included here are not exhaustive. Skechers operates in a very competitive and rapidly changing environment. New risks emerge from time to time and the companies cannot predict all such risk factors, nor can the companies assess the impact

of all such risk factors on their respective businesses or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, you should not place undue reliance on forward-looking statements as a prediction of actual results. Moreover, reported results should not be considered an indication of future performance.
