Skechers' Animal Rights Movement Surpasses \$7 Million in Donations

The Company's BOBS from Skechers Philanthropic Collection Has Helped Save and Support Over 1.3 Million Shelter Dogs and Cats in the United States and Canada

LOS ANGELES--(BUSINESS WIRE)-- Skechers, The Comfort Technology Company™, is celebrating its newest milestone for its philanthropic BOBS division: the Company's total donations have now surpassed \$7 million for animals in need throughout the United States and Canada. Through its partnership with Petco Love, a national nonprofit working to lead and inspire change for animals, and sales of its extensive BOBS footwear, apparel and accessory offering, Skechers' funds have helped save and support over 1.3 million shelter pets across North America.

The brand has continued to drive public awareness for animal welfare this summer with National Foster A Pet month in June—hosting pet adoption events at Skechers retail stores with Petco Love's animal welfare partners. Community members welcomed home dogs and cats from lifesaving organizations in Dallas, Texas; Harahan, Louisiana; Hialeah, Florida; Marlton, New Jersey and Moreno Valley, California. Consumers across America were also

able to support Petco Love and more than 4,000 of its animal welfare partners at local Skechers stores, by rounding up their purchases at checkout—a campaign that raised over \$87,000 for dogs and cats independent of Skechers' total donations.

“As a brand with a vast network of stores, we love finding new ways to inspire consumers and mobilize our stores for good—and these adoption and round-up events have resonated with the public and help bring our BOBS message to life,” said Michael Greenberg, president

of Skechers. “We’ve given more than \$3.4 million to Petco Love since we launched our partnership in 2019—a movement that’s already transformed thousands of pets’ and persons’ lives in America and is now building momentum across Canada.”

“Our partnership with BOBS from Skechers helps further our mission to end preventable euthanasia and make communities and pet families closer, stronger and healthier,” said Susanne Kogut, president of Petco Love. “Shelter pets were there for us throughout the pandemic providing unconditional love and joy. Fostering, adopting, volunteering, and donating are ways we can be there for them and make a difference.”

Initially a philanthropic collection of slip-on styles that donated new shoes to children in need, the BOBS from Skechers movement has grown to include a popular offering of footwear, apparel and accessories dedicated to helping shelter animals. For every BOBS item purchased in the United States and Canada, a donation is made to [Petco Love](#) to help support shelter pets and its lifesaving animal welfare organization network.* Skechers has helped save over 955,000 dogs, cats and other animals through pet adoptions, and contributed to the care of over 395,000 additional animals at nurseries, sanctuaries and medical care facilities.

This announcement contains forward-looking statements that are made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements may include, without limitation, Skechers' future domestic and international growth, financial results and operations including expected net sales and earnings, its development of new products, future demand for its products, its planned domestic and international expansion, opening of new stores and additional expenditures, and advertising and marketing initiatives. Forward-looking statements can be identified by the use of forward-looking language such as "believe," "anticipate," "expect," "estimate," "intend," "plan," "project," "will be," "will continue," "will result," "could," "may," "might," or any variations of such words with similar meanings. Any such statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected in forward-looking statements. Factors that might cause or contribute to such differences include the disruption of business and operations due to the COVID-19 pandemic;

international economic, political and market conditions including the challenging consumer retail markets in the United States; sustaining, managing and forecasting costs and proper inventory levels; losing any significant customers; decreased demand by industry retailers and cancellation of order commitments due to the lack of popularity of particular designs and/or categories of products; maintaining brand image and intense competition among sellers of footwear for consumers, especially in the highly competitive performance footwear market; anticipating, identifying, interpreting or forecasting changes in fashion trends, consumer demand for the products and the various market factors described above; sales levels during the spring, back-to-school and holiday selling seasons; and other factors referenced or incorporated by reference in Skechers' annual report on Form 10-K for the year ended December 31, 2020 and its quarterly report on Form 10-Q for the three months ended March 31, 2021. More specifically, the COVID-19 pandemic has had and is currently having a significant impact on Skechers' business, financial conditions, cash flow and results of operations. Forward-looking statements with respect to the COVID-19 pandemic include, without limitation, Skechers' plans in response to this pandemic. At this time, there is significant uncertainty about the COVID-19 pandemic, including without limitation, (i) the duration and extent of the impact of the pandemic, (ii) governmental responses to the pandemic, including how such responses could impact Skechers' business and operations, as well as the operations of its factories and other business partners, (iii) the effectiveness of Skechers' actions taken in response to these risks, and (iv) Skechers' ability to effectively and timely adjust its plans in response to the rapidly changing retail and economic environment. Taking these and other risk factors associated with the COVID-19 pandemic into consideration, the dynamic nature of these circumstances means that what is stated in this press release could change at any time, and as a result, actual results could differ materially from those contemplated by such forward-looking statements. The risks included here are not exhaustive. Skechers operates in a very competitive and rapidly changing environment. New risks emerge from time to time and we cannot predict all such risk factors, nor can we assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, you should not place undue reliance on forward-looking statements as a prediction of actual results. Moreover, reported results should not be considered an indication of future performance.
