TXO PARTNERS Declares a Fourth Quarter 2025 Distribution of \$0.30 on Common Units; Files Annual Report on Form 10-K

FORT WORTH, Texas--(BUSINESS WIRE)-- TXO Partners, L.P. (NYSE, NYSE Texas: TXO) announced today that the Board of Directors of its general partner declared a distribution of \$0.30 per common unit for the quarter ended December 31, 2025. The quarterly distribution will be paid on March 17, 2026, to eligible unitholders of record as of the close of trading on March 10, 2026.

“We are thrilled with the success of our expanding operations in the Elm Coulee field of the Williston Basin. With a dominant leasehold position, our team has done a masterful job of integrating ongoing operations with our first tranche of new, long-lateral drill wells, and there is more to come,” stated Brent W. Clum, Co-Chief Executive Officer & CFO. “We will continue to allocate capital investment to generate meaningful distributions for our partners, while ultimately building the net asset base of a more valuable company. With our Q4 results, we are pleased to deliver a distribution of \$0.30 per unit to our unitholders.”

“TXO is dedicated to the execution of our unique production and distribution model with a strategic focus on the Mancos Shale of the San Juan Basin, the prolific Williston Basin and the legacy Permian Basin,” commented Gary D. Simpson, Co-Chief Executive Officer. “Our company possesses an extensive inventory of low-risk projects in all these basins that we believe will allow for high-margin development over the coming decade.”
