Powerfleet and MiX Telematics Announce Shareholders Meetings to Vote on Proposed Business Combination

Completion of Regulatory Milestones Results in Scheduled Shareholders Meetings

WOODCLIFF LAKE, N.J., Jan. 30, 2024 /PRNewswire/ -- [Powerfleet](#), Inc. (Nasdaq: PWFL) and MiX Telematics Limited (NYSE: MIXT, JSE: MIX) today announced that their respective shareholders meetings will be held virtually on Wednesday, February 28, 2024 to vote on the proposed business combination between the parties. Powerfleet's shareholder meeting will be held at 10:00 a.m., Eastern Time and MiX's shareholder meeting will be held at 2:30 p.m., SAST.

The Powerfleet and MiX teams have worked diligently to satisfy all necessary regulatory requirements, in both South Africa and the U.S., to proceed with the shareholders meetings. The registration statement, which contains the joint proxy statement/prospectus relating to the transaction and the shareholders meetings, was declared effective by the SEC on January 24, 2024. Powerfleet and MiX commenced mailing of the joint proxy statement/prospectus on January 29, 2024. The scheme circular (together with the prospectus for the Powerfleet secondary listing on the JSE) with respect to the MiX shareholders meeting will be distributed by MiX to MiX shareholders today, Tuesday, January 30, 2024. The extensive work completed since signing the deal on October 10, 2023 has further prepared the companies to realize the [anticipated strategic and financial benefits from the combination](#).

"I am delighted by the completion of the regulatory steps required for us to arrive at the shareholders meetings next month. These meetings represent a significant step towards the closing of our transformative combination with MiX," said Steve Towe, Powerfleet's Chief Executive Officer, who will continue serving as CEO of the combined Powerfleet company. "As we shared at our joint [investor day](#) in November, the business combination is expected to unlock significant incremental value creation opportunities while establishing Powerfleet as a world-leading AIoT SaaS company, giving us the speed and capability to achieve accelerated growth in high-quality recurring revenues and expanded profitability more quickly. We have been extremely encouraged with the engagement of new prospective investors following the deal announcement and Investor Day event."

Stefan Joselowitz, Chief Executive Officer at MiX Telematics, intends to retire at the conclusion of this transaction, but plans to continue to be a shareholder of the new combined entity. Joselowitz added, "My confidence and excitement for the transaction has

grown even greater throughout the regulatory process period. As a shareholder, I strongly believe that the combined leadership group with Steve's stewardship, Powerfleet's Unity strategy, and our combined scale will undoubtedly accelerate the achievement of our shared strategic goals."

The transaction is expected to close at the beginning of April 2024, subject to the satisfaction of customary conditions, including obtaining the required shareholder approvals. Upon closing, the combined business will be branded as Powerfleet, with its primary listing on Nasdaq.
