MAXIMUS Contact Center Operations in Michigan Achieve Recognition as a Center of Excellence

EAST LANSING, Mich.--(BUSINESS WIRE)-- MAXIMUS (NYSE: MMS), a leading provider of government services worldwide, announced today that its Michigan Enrollment Broker Services customer contact center has been recognized as a "Certified Center of Excellence" by BenchmarkPortal.

The MAXIMUS customer contact center achieved the Center of Excellence distinction based on best practice metrics drawn from the world's largest database of objective and quantitative performance data from thousands of contact centers. Performance data collected from the MAXIMUS contact center achieved BenchmarkPortal's objective and quantitative criteria in areas such as operational efficiency, service-level standards, customer satisfaction and employee training.

The Michigan Enrollment Broker Services contact center serves the nearly two million beneficiaries of the statewide Medicaid program. MAXIMUS provides education and enrollment services, which includes assisting beneficiaries with the selection of a health plan that best fits their health insurance needs. In operation since 1997, the contact center serves the entire Medicaid program across all 83 counties.

The Michigan Medicaid program takes pride in being readily available to beneficiaries and providing them with the most up-to-date information. More than 80 MAXIMUS customer service representatives handle approximately one million calls each year and the excellent service they provide was a key factor in achieving this certification.

"This certification underscores our dedication to providing independent, high quality and effective services that assist the citizens of Michigan in receiving the health information they need. We have made a commitment to help them understand their options, and this recognition confirms that pledge," commented Bruce Caswell, President and General Manager of MAXIMUS Health Services.
