# Twin Vee PowerCats' Wizz Banger Division Drives AI-Powered Growth at BoatsForSale.com

FORT PIERCE, FL / **ACCESS Newswire** **/ September 10, 2025 /** Twin Vee PowerCats Co. (Nasdaq:VEEE)("Twin Vee" or the "Company"), a manufacturer, distributor, and marketer of power sport boats, today announced that its marine technology division, Wizz Banger, Inc., has propelled **BoatsForSale.com** to accelerated growth through an AI-driven transformation of the platform.
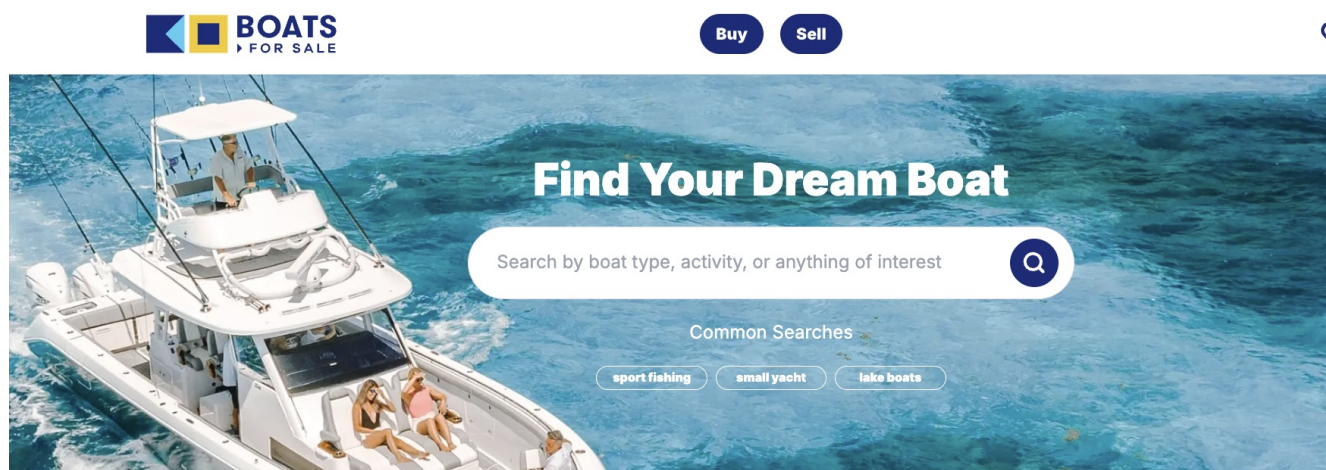

Since Twin Vee acquired the site in February 2025, the platform has experienced growth in organic search traffic. Key metrics include a 67% increase in organic clicks and a 158% increase in search impressions, now surpassing two million per month. According to Tom Huffman, President of Wizz Banger, Inc. and the Company's Chief Information Officer, "BoatsforSale.com's growth story is more than search engine optimization. We've rebuilt the platform around artificial intelligence ("AT"), fundamentally changing how buyers and sellers
interact." Specifically, Twin Vee highlights:

- **AI Search Engine**: A key innovation is the AI-driven natural language search engine that has been built into the site, replacing outdated, rigid search filters. "This new approach, which focuses on a more intuitive and user-friendly experience, leads to better results for both buyers and sellers," remarked Joseph Visconti, CEO and President of Twin Vee PowerCats Co.

- **AI Valuation (WizzBanger Value App)**: Further enhancing the user experience, BoatsForSale.com has integrated the recently released [WizzBanger Value App](#) (available on the [Apple App Store](#) and [Google Play Store](#)), a first-of-its-kind mobile tool that uses AI-driven, photo-based analysis to deliver fast, accurate, and transparent boat valuations. "By bringing together BoatsforSale.com and our new WizzBanger Value App, sellers and dealers can now price their boats accurately by providing detailed valuation reports," stated Visconti. "This transparency ensures that listings are competitively priced from the outset, streamlining the negotiation process and helping to facilitate faster, more confident sales."

- **AI Listing Automation**: The use of AI-driven listing automation ensures consistency and maximizes a boat's visibility in organic search results. Specifically, boat photos are used to auto-generate complete listings, including features and SEO-tagged descriptions.

- **Dealer Intelligence**: A new Dealer Insights & Inventory Management dashboard provides dealers with unprecedented visibility into leads and seller inventory performance. This data-driven dashboard helps dealers optimize their strategy with precision.
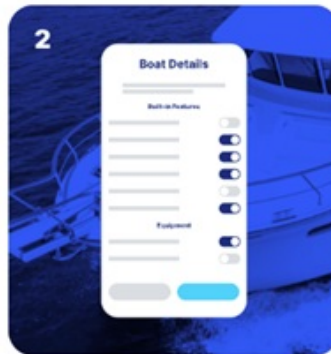

"BoatsforSale.com's transformation has been more than just a website upgrade. We've built a full AI-driven ecosystem," stated Visconti. "Our relaunched site provides buyers with confidence, sellers with transparency, and dealers with tools that did not exist in the marine industry until now."

Huffman added that according to independent SEO analytics tools, BoatsForSale.com ranks in the top five nationally for 'boats for sale,' alongside first-page positions for multiple additional high-intent keywords. "While these SEO improvements are validation, the AI at the core of our model is redefining the marine marketplace."

Twin Vee plans to continue scaling Wizz Banger's AI capabilities, with additional enhancements set to launch in late 2025. "Our vision is to lead the marine industry out of outdated practices and into an AI-powered future," said Visconti. "BoatsForSale.com is only the beginning."

About BoatsForSale.com

BoatsForSale.com has been launched as a revolutionary online marketplace designed to connect boat buyers and sellers in a seamless, cost-effective manner. With a commitment to lowering dealer marketing costs while increasing lead generation, BoatsForSale.com aims to transform the way boats are bought and sold online. The platform provides dealers with enhanced visibility, powerful sales tools, and an intuitive interface to ensure an optimal experience for both sellers and buyers.

About Wizz Banger, Inc.

WizzBanger, Inc. is driving innovation in the marine industry with AI-powered technology that brings clarity, transparency, and accuracy to boat buying, selling, and financing. By combining advanced visual intelligence with market data, WizzBanger is creating tools that empower consumers, dealers, and financial institutions to make smarter decisions. Beyond valuation, the company is developing integrations with dealer platforms, insurance providers, and lenders to create a seamless ecosystem for the entire lifecycle of boat ownership. WizzBanger's mission is to modernize the marine industry by delivering technology that simplifies transactions, reduces friction, and unlocks new opportunities for growth.
