2Q 2025 Earnings Presentation

August 6, 2025

Forward-looking statements

This presentation and the accompanying oral presentation contain forward-looking statements. All statements other than statements of historical fact contained in this presentation and the accompanying oral presentation, including statements as to future performance, results of operations and financial position; achievement of our strategic priorities and goals; our expectations regarding loan origination growth; our expectations regarding macroeconomic conditions and future growth opportunities; our net charge-off rate projections and expectations; our profitability and future growth opportunities; our expectation regarding the effect of trends in fair value mark-to-market adjustments on our loan portfolio and asset-backed notes; third quarter and full-year 2025 outlook; our expectations regarding total revenue, net income, and Adjusted Net Income, Return on Equity and Adjusted ROE, Adjusted EPS, Adjusted EBITDA, operating expenses, originations and annualized NCO rates in full year 2025; business strategy; and plans and objectives of management for future operations of Oportun Financial Corporation (“Oportun,” “we,” “us,” “our,” or the “Company”), are forward-looking statements. These statements involve known and unknown risks, uncertainties, assumptions and other factors that may cause the Company’s actual results and financial position, as well as our plans, objectives and expectations for our performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These risks and uncertainties include those risks described in Oportun’s filings with the Securities and Exchange Commission under the caption “Risk Factors”, including the Company’s most recent annual report on Form 10-K, and include, but are not limited to: our ability to retain existing members and attract new members; our ability to accurately predict demand for, and develop, our financial products and services; the effectiveness of our A.I. model; macroeconomic conditions, including fluctuating inflation and market interest rates; Oportun’s future financial performance, including trends in revenue, net revenue, operating expenses, and net income; increases in loan non-payments, delinquencies and charge-offs; Oportun’s ability to operate successfully in a highly regulated industry; Oportun’s ability to increase market share and enter into new markets; Oportun’s ability to realize the benefits from acquisitions and integrate acquired technologies; the risk of security breaches or incidents affecting the Company’s information technology systems or those of the Company’s third-party vendors or service providers; Oportun’s ability to successfully offer loans in additional states; Oportun’s ability to compete successfully with companies that are currently in, or may in the future enter, our industry; changes in Oportun’s ability to obtain additional financing on acceptable terms or at all; and Oportun’s potential need to seek additional strategic alternatives, including restructuring or refinancing its debt, seeking additional debt or equity capital, or reducing or delaying its business activities.

In some cases, you can identify forward-looking statements by terminology such as “aim,” “anticipate,” “assume,” “believe,” “contemplate,” “continue,” “could,” “due,” “estimate,” “expect,” “goal,” “intend,” “may,” “objective,” “plan,” “predict,” “potential,” “positioned,” “seek,” “should,” “target,” “will,” “would,” or the negative of these terms or other similar words. These forward-looking statements are subject to the safe harbor provisions under the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities Exchange Act of 1934, as amended. These statements are only predictions. Oportun has based these forward-looking statements on its current expectations and projections about future events, financial trends and risks and uncertainties that it believes may affect its business, financial condition and results of operations. Also, these forward-looking statements represent the Company’s estimates and assumptions only as of the date of this presentation. The Company assumes no obligation to update any forward-looking statements after the date of this presentation, except as required by law.

This presentation also contains estimates and other statistical data made by independent parties and by the Company relating to market size and growth and other industry data. These data involve a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. The Company has not independently verified the statistical and other industry data generated by independent parties and contained in this presentation and, accordingly, it cannot guarantee their accuracy or completeness. In addition, projections, assumptions and estimates of its future performance and the future performance of the industries in which it operates are necessarily subject to a high degree of uncertainty and risk due to a variety of factors. These and other factors could cause results to differ materially from those expressed in the estimates made by the independent parties and by Oportun.

You should view this presentation and the accompanying oral presentation with the understanding that our actual future results, levels of activity, performance and achievements may be materially different from what we expect.

This presentation includes certain non-GAAP financial measures. Non-GAAP financial measures are presented in addition to, and not as a substitute for, and are not superior to, financial measures calculated in accordance with GAAP. The Company believes these Non-GAAP measures can be useful measures for period-to-period comparisons of our core business and provide useful information to investors and others in understanding and evaluating our operating results. Non-GAAP financial measures are provided in addition to, and not as a substitute for, and are not superior to, financial measures calculated in accordance with GAAP. In addition, the non-GAAP measures we use, as presented, may not be comparable to similar measures used by other companies. See the Appendix for a reconciliation of non-GAAP financial measures to the most comparable measure, calculated in accordance with GAAP.

All financial information and other metrics used in this presentation are as of June 30, 2025, unless otherwise noted.

Key definitions

- **30+ Day Delinquency Rate** is the unpaid principal balance for our owned loans and credit cards receivable that are 30 or more calendar days contractually past due as of the end of the period divided by Owned Principal Balance as of such date
- **Adjusted EBITDA** is a non-GAAP financial measure calculated as net income (loss), adjusted to eliminate the effect of the following items: income tax expense (benefit), stock-based compensation expense, depreciation and amortization, interest expense from corporate financing, certain non-recurring charges, and fair value mark-to-market adjustment
- **Adjusted EBITDA Margin** is calculated as Adjusted EBITDA divided by total revenue
- **Adjusted Earnings Per Share (EPS)** is a non-GAAP financial measure calculated by dividing Adjusted Net Income by diluted adjusted weighted-average common shares outstanding
- **Adjusted Net Income** is a non-GAAP financial measure calculated by adjusting our net income (loss) for the impact of our election of the fair value option, and further adjusted to exclude income tax expense (benefit), stock-based compensation expense, fair value mark-to-market adjustment on asset-backed notes, and certain non-recurring charges
- **Adjusted Operating Expense** is a non-GAAP financial measure calculated by adjusting total operating expenses to exclude stock-based compensation expense and certain non-recurring charges
- **Adjusted OpEx Ratio** is a non-GAAP financial measure calculated as Adjusted Operating Expense divided by Average Daily Principal Balance
- **Adjusted Return on Equity ("Adjusted ROE")** is a non-GAAP financial measure calculated by dividing annualized Adjusted Net Income by average total stockholders' equity; prior to January 1, 2020, Adjusted ROE was calculated by dividing annualized Adjusted Net Income by average total stockholders' equity
- **Aggregate Originations** is the aggregate amount disbursed to borrowers and credit granted on credit cards during a specified period, including amounts originated by us through our Lending as a Service partners or under our bank partnership programs. Aggregate Originations exclude any fees in connection with the origination of a loan
- **Annualized Net Charge-Off Rate ("NCO Rate")** is calculated as annualized loan and credit card principal losses (net of recoveries) divided by the Average Daily Principal Balance of owned loans and credit cards receivable for the period
- **Average Daily Debt Balance** is the average of outstanding debt principal balance at the end of each calendar day during the period
- **Average Daily Principal Balance ("ADPB")** is the average of outstanding principal balance of owned loans and credit cards receivable at the end of each calendar day during the period
- **Back Book** is comprised of loans originated prior to our material credit tightening in July 2022
- **Corporate Financing** is (a) a senior secured term loan secured by the assets of the Company and certain of its subsidiaries guaranteeing the term loan, including pledges of the equity interests of certain subsidiaries that are directly or indirectly owned by the Company and (b) a residual facility secured by the residual cash flows of certain of the Company's securitizations.
- **Cost of Debt** is calculated as annualized interest expense divided by Average Daily Debt Balance

Appendix

Key definitions (cont'd)

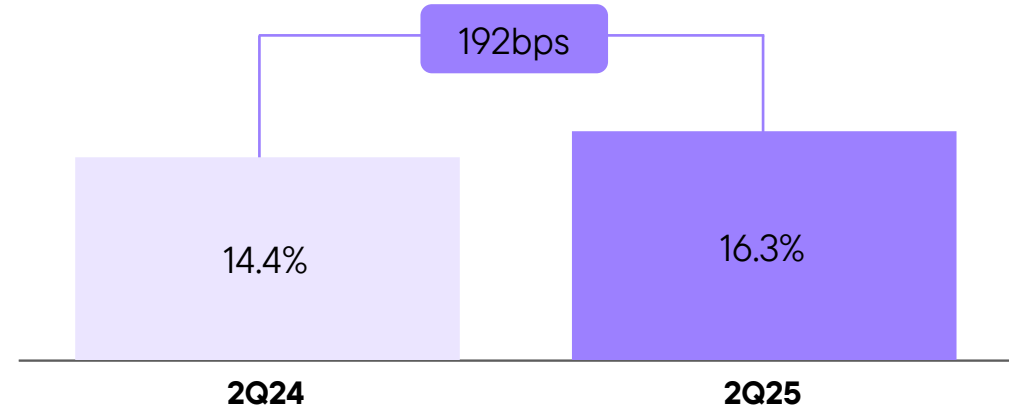

- **Customer Acquisition Cost (or "CAC")** is calculated as sales and marketing expenses, which include the costs associated with various paid marketing channels, including direct mail, digital marketing and brand marketing and the costs associated with our telesales and retail operations divided by number of loans originated and new credit cards activated to new and returning borrowers during a period
- **First Payment Defaults** are calculated as the principal balance of any loan whose first payment becomes 30 days past due, divided by the aggregate principal balance of all loans originated during that same period
- **Front Book** is comprised of loans originated since our material credit tightening in July 2022
- **Loans Receivable at Fair Value** are all loans receivable held for investment. Loans Receivable at Fair Value include loans receivable on our unsecured and secured personal loan products and credit cards receivable balances. Credit Cards Receivable were reclassified to Credit Cards Receivable Held for Sale
- **Managed Principal Balance at End of Period** is the total amount of outstanding principal balance for all loans and credit cards receivable, including loans sold, which we continue to service, at the end of the period. Managed Principal Balance at End of Period also includes loans and accounts originated under a bank partnership program that we service
- **Net Interest Margin** is calculated by subtracting interest expense from total revenue
- **Net Interest Margin Ratio** is calculated as annualized Net Interest Margin divided by Average Daily Principal Balance
- **Net Charge-Offs ("NCO")** is loan and credit card principal losses (net of recoveries)
- **OpEx** is total operating expense
- **OpEx Ratio** is calculated as annualized Operating Expense divided by Average Daily Principal Balance
- **Owned Principal Balance EOP** is the total amount of outstanding principal balance for all loans and credit cards receivable, including finance receivables pledged as part of a secured borrowing and excluding loans and receivables sold or retained by a bank partner, at the end of the period
- **Portfolio Yield** is annualized interest income as a percentage of Average Daily Principal Balance
- **Return on Assets ("ROA")** is annualized Adjusted Net income as a percentage of Average Daily Principal Balance
- **Return on Equity ("ROE")** is calculated as annualized net income divided by average stockholders' equity for a period
- **Risk Adjusted Net Interest Margin** is a non-GAAP financial measure calculated by adjusting our Net Interest Margin to exclude the impact of fair value mark-to-market adjustment on Loans Receivable at Fair Value, Charge-offs, net of recoveries on Loans Receivable at Fair Value, and certain non-recurring charges
- **Risk Adjusted Net Interest Margin Ratio** is a non-GAAP financial measure calculated as annualized Risk Adjusted Net Interest Margin divided by Average Daily Principal Balance
- **Risk Adjusted Yield** is calculated by subtracting Annualized Net Charge-Off Rate from Portfolio Yield for the period

* Vintage is not fully mature from a loss perspective.

Note: The chart above includes all personal loan originations by vintage, excluding loans originated from July 2017 to August 2020 and December 2023 through the current period under a loan program for customers who did not meet the qualifications for our core loan origination program. 100% of those loans were sold pursuant to a whole loan sale arrangement. The 2021 vintage is experiencing higher charge-offs than prior vintages primarily due to a higher percentage of loan disbursements to new members. We tightened credit and began reducing loan volumes to new and returning members in the third quarter of 2021 and reduced significantly in the second half of 2022.

* Due to the uncertainty in macroeconomic conditions and quarterly volatility in the fair value mark to market adjustment, we are unable to precisely forecast the fair value mark-to-market adjustments on our loan portfolio and asset-backed notes on a quarterly basis. As a result, while we fully expect there to be a fair value mark-to-market adjustment which could have an impact on GAAP net income (loss), the net income (loss) number shown above assumes no change in the fair value mark-to-market adjustment.
