The Homeless Veteran Program aims to eradicate homelessness amongst nearly 35,000 veterans nationwide by providing high-quality permanent housing solutions with comprehensive wrap-around services aimed at diagnosing root causes of homelessness, and working to reintegrate veterans back into the community which they sacrificed life and limb to protect.

The new home will be showcased at events nationwide and will feature a number of novel specifications, including a perimeter steel frame, as well as heavy-duty axles and tires for enhanced mobility.

Paul Galvin, Chairman, and CEO stated, "We are honored to work alongside the Tunnel to Towers Foundation, in support of their mission to end homelessness among Veterans and honor their service. Our initial demonstration home will feature key specifications to empower and give dignity to our nation's heroes. We believe providing safe homes that can be easily and cost-effectively deployed will play a key role in helping end homelessness and allowing these Veterans to reclaim their lives."

Frank Siller Chairman and CEO of the Tunnel to Towers Foundation, further noted, "With Safe & Holding we found a company that believes as we do, that no one who served this country should be left struggling on the streets. We look forward to working with them to complete our mission to eradicate Veteran homelessness nationwide."

About the Tunnel to Towers Foundation

Born from the tragedy of 9/11, the Tunnel to Towers Foundation carries out its mission to "do good," by providing mortgage-free homes to Gold Star and fallen first responder families with

young children and by building specially adapted smart homes for catastrophically injured veterans and first responders. Tunnel to Towers is also committed to eradicating veteran homelessness and helping America Never Forget September 11, 2001.
