MindMed Releases Investor Presentation Highlighting How the Company is Unlocking the Power of Psychedelics for Patients and Shareholders

Details Why MindMed's Ideally Qualified Nominees Are the Right Choice to Oversee the Company's Strategic Execution as it Approaches First Clinical Data Readouts Later this Year

*Urges Shareholders to Protect Their Investments and Vote on the **WHITE** Universal Proxy Card for **ALL SIX** of the Board's Nominees*

NEW YORK--(BUSINESS WIRE)-- Mind Medicine (MindMed) Inc. (NASDAQ: MNMD), (NEO: MMED), (the "Company" or "MindMed") today announced that it has released an investor presentation in connection with its 2023 Annual Meeting of Shareholders. The presentation details how under the guidance of MindMed's world-class Board of Directors the Company is executing against a well-defined plan to create value – with two Phase 2 clinical readouts for lead product candidate MM-120 (LSD D-tartrate) expected in late 2023. MindMed urges all shareholders to vote "FOR" the Company's six highly qualified director nominees using the **WHITE** universal proxy card at the upcoming Annual Meeting, scheduled for June 15, 2023.

The presentation is available at www.ProtectMindMed.com or on the investor relations section of the Company's website.

Robert Barrow, Chief Executive Officer and Director of MindMed, stated: "MindMed is at a pivotal inflection point. As we approach our first clinical trial readouts, we are well-positioned to address multiple areas of unmet need for patients and to generate value for our shareholders. All six of our director nominees are proven – with significant experience serving on public company boards and in executive roles in the healthcare industry. If our nominees are elected, our Board will also be 100% refreshed since mid-2021. Most importantly, this group has the right expertise in the areas critical to MindMed's success: drug development and commercialization; financial management and capital allocation; and corporate governance and compliance.

FCM's proposals for the Company lack credibility, are based on faulty assumptions and spreadsheet math, and would expose shareholders to significant risk. Electing any of FCM's candidates could derail our progress at the worst possible time. FCM's candidates simply do not possess the right experience or backgrounds – especially in comparison to MindMed's

nominees.

In our view, the choice for shareholders is clear. We encourage you to protect your investment in MindMed by voting for all six of the Company's nominees on the WHITE card today."

Due to new U.S. federal rules requiring us to list FCM's nominees in addition to the Board's nominees, your WHITE proxy card this year has more names on it than the six directors to be elected. The inclusion of FCM's nominees on our WHITE proxy card does NOT mean the Board endorses them.

Vote TODAY on the WHITE proxy card FOR all six of the Board's nominees, WITHHOLD on FCM's nominees and FOR the other proposals recommended by your Board.

You can help reject FCM's efforts to take control of the Board by discarding any blue proxy cards and materials you may receive from FCM.

Shareholders will receive proxy materials directly via the preferred method, hard copy or email, specific to each shareholder's account. If you have any questions, or need assistance voting your shares, please contact the firm assisting us in the solicitation of proxies:
