Amtech to Present at the Jefferies Global Clean Technology Conference in New York City on February 23, 2011

TEMPE, Ariz.--(BUSINESS WIRE)-- Amtech Systems, Inc. (NASDAQ:ASYS), a global supplier of production and automation systems and related supplies for the manufacture of solar cells, today announced that Bradley C. Anderson, Chief Financial Officer, will present at the Jefferies 11th Global Clean Technology Conference in New York City on Wednesday, February 23, 2011 at 2:30 p.m. Eastern time.

Conference Details:

- Jefferies 11th Global Clean Technology Conference
- February 23-24, 2011
- More information can be found at: <http://www.jefferies.com/>

About Amtech

Amtech Systems, Inc. manufactures capital equipment, including silicon wafer handling automation, thermal processing equipment and related consumables used in fabricating solar cells and semiconductor devices. Semiconductors, or semiconductor chips, are fabricated on silicon wafer substrates, sliced from ingots, and are part of the circuitry, or electronic components, of many products including solar cells, computers, telecommunications devices, automotive products, consumer goods, and industrial automation and control systems. The Company's wafer handling, thermal processing and consumable products currently address the diffusion, oxidation and deposition steps used in the fabrication of solar cells, semiconductors, MEMS and the polishing of newly sliced silicon wafers.
