

Virax Biolabs Announces Extension of Existing Exclusive Distribution Agreement to Market Mpox (formerly Monkeypox) Virus Real-Time PCR Detection Kits with Cosmos Health Inc.

LONDON, Sept. 16, 2024 /PRNewswire/ -- Virax Biolabs Group Limited (NASDAQ: VRAX) ("Virax" or the "Company"), an innovative biotechnology company focused on the detection of immune responses and diagnosis of viral diseases, today announced that it has entered into an extension of its already existing exclusive distribution agreement with Cosmos Health Inc. (Nasdaq: COSM) ("Cosmos") to commercialize Mpox Virus Real-Time PCR Detection Kits in countries in the Gulf Cooperation Council ("GCC"). It had previously signed an agreement for exclusive distribution in Greece & Cyprus and non-exclusive distribution throughout Europe.

The RT PCR Mpox virus detection kits are CE-marked for sale in Europe and also authorized by the Medicines and Healthcare products Regulatory Agency (MHRA), the product regulatory agency for the United Kingdom. These tests perform with a sensitivity of 96.7% and specificity of 93.72%, with the ability to deliver results in under 70 minutes.

"We are excited to strengthen our partnership with Cosmos. This exclusive agreement expands our geographic reach, providing a wider network of healthcare professionals with essential tools to diagnose and manage the spread of the Mpox virus," **James Foster, CEO of Virax Biolabs**. "We look forward to working closely with Cosmos and leveraging its impressive distribution infrastructure."

"We are happy to further partner with Virax Biolabs as the Company works diligently to mitigate the spread of Mpox and other infectious diseases," **commented Greg Siokas, Chief Executive Officer of Cosmos**. "We continue to see strong demand for Mpox virus detection kits, and we believe that we are well positioned to support Virax and territories in need."

Under the terms of the agreement, Cosmos is authorized to import, sell and distribute Virax-branded Mpox virus Nucleic Acid Detection Kits in the GCC including Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and the United Arab Emirates.

About Virax Biolabs Group Limited

Virax Biolabs Group Limited is an innovative biotechnology company focused on the detection of immune responses to and diagnosis of viral diseases. Virax Biolabs Group Limited is currently developing T-Cell-based test technologies with the intention of providing an immunology profiling platform. T-Cell testing can be particularly effective in the diagnosis and therapeutics of post-viral syndromes such as Long COVID and other chronic conditions linked to immune dysregulation.
