NEW YORK, NY -- (MARKETWIRE) -- 03/08/13 -- Tonix Pharmaceuticals Holding Corp. (OTCQB: TNXP) ("TONIX" or "the Company"), a specialty pharmaceutical company developing novel treatments for challenging disorders of the central nervous system, including fibromyalgia ("FM") and post-traumatic stress disorder ("PTSD"), announced that it will be presenting at SeeThruEquity's Spring MicroCap Investor Forum on Tuesday, March 12, 2013. This event will be held at The Penn Club, located at 30 West 44th Street in New York City.

Seth Lederman, M.D., TONIX's Chief Executive Officer, will deliver the presentation at 9:30 am Eastern Time.

The presentation will be webcast and may be viewed via the Investor Relations section of the Company's website at www.tonixpharma.com.

About SeeThruEquity, LLC

SeeThruEquity, LLC is an investment research and corporate access firm that produces high quality research reports on small- and micro-cap companies with less than \$1 billion in market capitalization. These companies are typically underserved by the traditional Wall Street analyst establishment. SeeThruEquity is unfettered by any ties to investment banking or trading, and distributes its high impact research as an approved firm for consensus estimates on Thomson Reuters, CapitalIQ, FactSet, Zacks and StockTwits, as well as to its own audience of investors from its corporate website.

SeeThruEquity's philosophy is focused on delivering an unbiased, institutional quality research product for uncovered or undercovered companies to all levels of investors in the investment community and at absolutely no charge to the reader of the research or the company being covered. The firm seeks to build relationships between corporate issuers and institutional and sophisticated investors via compelling investor conferences and forums as well as non-deal road shows.

About Tonix Pharmaceuticals Holding Corp.

TONIX is developing innovative prescription medications for challenging disorders of the central nervous system. The Company targets conditions characterized by significant unmet medical need, inadequate existing treatment options, and high dissatisfaction among both patients and physicians.
