Cemtrex Announces Rush University Medical Center Has Joined the SmartDesk Pilot Program

Farmingdale, NY, Nov. 19, 2018 (GLOBE NEWSWIRE) -- - [Cemtrex Inc.](#) (Nasdaq: CETX, CETXP, CETXW), a leading global technology and manufacturing company, today announced that Rush University Medical Center has joined the SmartDesk Pilot Program.

The SmartDesk Pilot Program allows large organizations like Rush University to evaluate the [SmartDesk](#) for their internal use cases before purchasing on a larger scale. Organizations typically spend one to two months exploring the SmartDesk and evaluating its best uses within their work environments before making larger purchasing decisions.

[Rush University](#) Medical Center is one of the largest private sector employers in Chicago, employing thousands of people in the greater Chicago area.

“The SmartDesk Pilot Program has continued to expand in the last couple of months as we bring new enterprise clients into the fold,” said Saagar Govil, CEO and Chairman of Cemtrex. “We are excited to have Rush University Medical Center on board, and we look forward to a long-term relationship with one of the top hospitals in the United States. The appeal of the SmartDesk for medical professionals and organizations alike has continued to increase every day as we showcase the product to that market. We anticipate that many organizations like Rush will look to replace their desktop workstations with SmartDesks over time which could result in hundreds of units per enterprise client.”

The Company has received demand for SmartDesks from customers in a variety of different industries and for planned uses in different applications. The Company continues to receive orders for use in financial companies, logistics companies, call centers, innovation labs, universities, engineering firms, advertising firms, software developers, and many more.

Cemtrex’s SmartDesk is poised to be the most advanced workstation on the market. A blend of futuristic hardware and groundbreaking productivity software, the SmartDesk delivers an efficient user experience in a luxurious package. With a 72-inch, high resolution multi-touch display, integrated proprietary touch and touchless gestures as well as the ability to draw and scan documents directly on the desk, wireless connectivity for full access to the cloud, and next-generation wireless charging capabilities for mobile devices, the SmartDesk is the next step in the evolution of the modern workplace.
