Sonim RS60 SmartScanner Handheld Now Available in North America and Europe

Fully-Rugged Barcode Scanner with Six-Inch Glove-Friendly Screen Provides Durable All-in-One Solution

AUSTIN, Texas, May 10, 2021 /PRNewswire/ --Sonim Technologies (Nasdaq: SONM) today announced the commercial availability of its RS60 SmartScanner handheld in North America and Europe.

Built to the rugged performance standards that Sonim is known for, the RS60 is a durable and reliable all-in-one Android device that can lower the total cost of ownership (TCO) as a result of its extensive functionality and proven durability.

The Sonim RS60 handheld computer and barcode scanner is an ideal device for use in warehouses, manufacturing, transportation and logistics, as well as field service. Featuring one of the largest screens of any handheld scanner and the ability to quickly and accurately scan barcodes in varying lighting conditions means the RS60 provides a user-friendly experience for front-line workers who must rapidly capture and consume large amounts of data. The large 8000mAh battery, twice the capacity typically found in leading handheld scanners, ensures all day performance.

"With the RS60 we are providing an essential productivity tool for anyone who needs the features of both a handheld computer and a scanner in a very durable package," said John Graff, CMO, Sonim. "The RS60 is also compatible with our extensive line of rugged accessories and includes the SonimWare suite of enterprise mobility software to increase efficiency, security and device management in the field."

Key features include:

- Android 10 operating system
- Integrated barcode scanner capable of fast and reliable scanning
- High bandwidth 4G LTE and/or Wi-Fi connectivity
- A comprehensive 2-year warranty
- An industry-leading, high-capacity multi-shift battery
- Waterproof, dust proof, drop proof and chemical resistant
- Supports SonimWare Enterprise Mobility Software, a comprehensive set of software tools, for improved management and productivity
- Android Enterprise Recommended

The RS60 is available through Sonim distribution partners, including SYNNEX and Crossover in North America, and Capestone in the United Kingdom and Europe. To learn more about the RS60, click here.

About Sonim
Sonim Technologies is a leading U.S. provider of ultra-rugged mobility solutions designed specifically for task workers physically engaged in their work environments, often in mission-critical roles. The Sonim solution includes ultra-rugged mobile phones, a suite of industrial-grade accessories, and data and workflow applications which are collectively designed to increase worker productivity, communication and safety on the job site. Important Cautions Regarding Forward-Looking Statements
This release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to, among other things, future performance of Sonim's and its partners' devices and technologies and continued market acceptance of same. These forward-looking statements are based on Sonim's current expectations, estimates and projections about its business and industry, management's beliefs and certain assumptions made by the Company, all of which are subject to change. Such statements involve risks and uncertainties, which could cause actual results to vary materially from those expressed in or indicated by the forward-looking statements. For a listing of factors that may cause actual results to differ materially, see the potential factors described under "Risk Factors" included in Form 10-K for the year ended December 31, 2020, and other documents on file with the Securities and Exchange Commission (available at www.sec.gov). Sonim cautions you not to place undue reliance on forward-looking statements, which reflect an analysis only and speak only as of the date hereof. Sonim assumes no obligation to update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release, except as required by law.
