Midwest Energy Emissions Corp. to Hold 2016 Annual Meeting of Stockholders at the EERC in Grand Forks, ND, on August 9, 2016

LEWIS CENTER, OH -- (Marketwired) -- 07/26/16 -- Midwest Energy Emissions Corp. (OTCQB: MEEC) ("ME2C" or the "Company"), an emerging leader in mercury emissions control for the global power industry, will hold its Annual Meeting of Stockholders on Tuesday, August 9, 2016, at 10:00 a.m. CDT at the University of North Dakota Energy & Environmental Research Center (EERC) in Grand Forks, North Dakota.

Details of the meeting are as follows:

Date: August 9, 2016

Time: 10:00 a.m. CDT

Location: Energy & Environmental Research Center, University of North Dakota, 15 North 23rd Street, Grand Forks, North Dakota 58202-9018

During the meeting, stockholders will vote to elect board members and other measures that are up for stockholder vote. The proxy statement and the Company's 2015 annual report to stockholders are also available at <http://www.midwestemissions.com/meeting-access/>.

About Midwest Energy Emissions Corp. (ME2 C)

[Midwest Energy Emissions Corp.](http://www.midwestemissions.com) (OTCQB: MEEC) delivers patented and proprietary solutions to the global coal-power industry to remove mercury from power plant emissions, providing performance guarantees, and leading-edge emissions services. The U.S. Environmental Protection Agency (EPA) MATS rule, which has been subject to legal challenges, requires that all coal- and oil-fired power plants in the U.S., larger than 25 megawatts, must remove roughly 90% of mercury from their emissions starting April 15, 2015. ME2C has developed patented technology and proprietary products that have been shown to achieve mercury removal levels compliant with MATS at a significantly lower cost and with less operational impact than currently used methods, while preserving the marketability of fly-ash for beneficial use.
