Net Investment Income for the Quarter: Net Investment Income for the quarters ended March 31, 2011 and 2010 was $\$ 1.9$ million, or $\$ 0.09$ per share, and $\$ 2.7$ million, or $\$ 0.12$ per share, respectively, a decrease in Net Investment Income of 28.7\%. The decrease in Net Investment Income was primarily driven by lower interest income resulting from a reduction in the size of the Company's investment portfolio subsequent to March 31, 2010.

Net Investment Income for the Fiscal Year: Net Investment Income for the fiscal years ended March 31, 2011 and 2010 was $\$ 16.2$ million, or $\$ 0.73$ per share, and $\$ 10.6$ million, or $\$ 0.48$ per share, respectively, an increase in Net Investment Income of $52.6 \%$. The increase in Net Investment Income was primarily driven by dividend and success fee income recognized during the fiscal year ended March 31, 2011, most notably from the sales of investments in two portfolio companies, A. Stucki Holding Corp. ("A. Stucki") and Chase II Holdings Corp. ("Chase"), partially offset by lower interest income resulting from a reduction in the size of the Company's investment portfolio.

Net Increase in Net Assets Resulting from Operations for the Quarter: Net Increase in Net Assets Resulting from Operations for the quarters ended March 31, 2011 and 2010 was $\$ 2.8$ million, or $\$ 0.13$ per share, and $\$ 20.6$ million, or $\$ 0.93$ per share, respectively. The decrease in the Net Increase in Net Assets Resulting from Operations between the quarter ended March 31, 2011 and the prior year's period was primarily due to significant net unrealized appreciation on the Company's investment portfolio in the quarter ended March 31, 2010, most notably in A. Stucki. The Company recorded net unrealized appreciation on investments of $\$ 0.9$ million in the quarter ended March 31, 2011, compared to $\$ 17.8$ million for the quarter ended March 31, 2010.

Net Increase (Decrease) in Net Assets Resulting from Operations for the Fiscal Year: Net Increase (Decrease) in Net Assets Resulting from Operations for the fiscal years ended March 31, 2011 and 2010 was $\$ 16.4$ million, or $\$ 0.74$ per share, and ( $\$ 11.1$ ) million, or ( $\$ 0.50$ ) per share, respectively. The increase in the Net Increase (Decrease) in Net Assets Resulting from Operations between the fiscal years ended March 31, 2011 and 2010 was primarily due to the significant profits realized on the sale of investments in A. Stucki and Chase during the fiscal year ended March 31, 2011, coupled with the significant net loss recorded on the Company's investment portfolio during the prior year. The Company recorded a net gain on investments of $\$ 0.3$ million for the fiscal year endedMarch 31, 2011, compared to a net loss on investments of $\$ 21.7$ million for the prior fiscal year, which was largely caused by the realized loss of $\$ 35.9$ million that was recorded related to the sale or partial sale of 31 senior syndicated loans.

Investment Portfolio Fair Value: As of March 31, 2011, the entire portfolio was fair valued at $77.7 \%$ of cost, as compared to $90.9 \%$ as of March 31, 2010. The aggregate investment portfolio depreciated during the fiscal year ended March 31, 2011, primarily due to the sale of A. Stucki and Chase for cash, both of which had significant unrealized appreciation recorded at March 31, 2010, which was reversed in the fiscal year endedMarch 31, 2011. Excluding reversals, net unrealized depreciation for the fiscal year ended March 31, 2011 was $\$ 1.3$ million.

Net Asset Value: Net asset value was $\$ 9.00$ per share outstanding at March 31, 2011, as compared to $\$ 8.74$ per share outstanding at March 31, 2010. Even though the Company's investment portfolio size decreased year over year, the Company's cash position, net of total borrowings, increased to $\$ 40.6$ million as of March 31, 2011, compared to a cash position, net of total borrowings, of $\$(15.1)$ million as of March 31, 2010, primarily due to the sale of investments in A. Stucki and Chase for cash.

Asset Characteristics: Total assets were $\$ 241.1$ million at March 31, 2011, as compared to $\$ 297.2$ million at March 31, 2010. At March 31, 2011, the Company had investments in 17 portfolio companies with an aggregate cost basis of $\$ 197.2$ million and an aggregate fair value of $\$ 153.3$ million. As of March 31, 2011, the Company's investment portfolio at fair value was comprised of $79.2 \%$ in debt securities and $20.8 \%$ in equity securities.
Additionally, the Company held $\$ 80.6$ million in cash and cash equivalents atMarch 31, 2011, including $\$ 40.0$ million from a short-term loan that was subsequently repaid.

Investment Yield: The weighted average yield on the Company's interest-bearing portfolio, excluding cash and cash equivalents, was $11.4 \%$ for the fiscal year ended March 31, 2011, as compared to $11.0 \%$ for the prior year fiscal year ended March 31, 2010. The increase in the weighted average yield for the current year ended March 31, 2011 resulted primarily from the sale of lower interest-bearing senior syndicated loans.

```
-- Investment Activity: Funded $2.0 million of investments to existing
    portfolio companies, through revolver draws or addition of new term

Comments from President Dave Dullum: "During the year, we achieved strong capital gains from the sale of investments in two of our portfolio companies, invested additional capital in certain of our existing portfolio companies and invested capital in some new portfolio companies. In addition, many of our existing portfolio companies experienced improved performance. After year end, we achieved further strong capital gains through a partial sale of one investment and invested capital in new investment. All of this activity and effort enabled us to increase the monthly dividend by $12.5 \%$ for the months of April, May and June. We hope to continue this healthy investment activity and to carry that momentum throughout this new fiscal year."

Subsequent Events: After March 31, 2011, the following occurred:

```
-- Investment Recapitalization: In April 2011, the Company recapitalized
its investment in Cavert II Holding Corp. ("Cavert"), in which the
Company received gross cash proceeds of $5.6 million from the sale of
its common equity, resulting in a realized gain of $5.5 million, $2.3
million in a partial redemption of its preferred stock and $0.7 million
in preferred dividends. At the same time, the Company invested $5.7
million in new subordinated debt in Cavert.
-- New Investment: In April 2011, the Company invested $16.4 million in a
    new control investment, Mitchell Rubber Products, Inc. ("Mitchell"),
    consisting of subordinated debt and preferred and common equity.
    Mitchell, headquartered in Mira Loma, California, develops, mixes and
    molds rubber compounds for specialized applications in the non-tire
    rubber market.
-- Increased Dividends Declared: The Company's Board of Directors increased
    the monthly distribution by $0.005, or 12.5%, and declared the following
    monthly distributions to stockholders:
```

```
