

Marathon Patent Group Announces Settlement and License Agreement With Payment Terminal Company

ALEXANDRIA, VA -- (Marketwired) -- 07/10/13 -- **Marathon Patent Group, Inc.** (OTCBB: MARA) ("Marathon"), a patent licensing company, announced today that its wholly owned subsidiary, CyberFone Systems, LLC ("CyberFone"), has entered into a license and settlement agreement with one of the largest payment terminal companies in the United States.

The CyberFone patent portfolio covers claims that provide the right to practice specific transactional data processing, telecommunications, and network and database inventions, including financial transactions.

The patent portfolio has a well-established history of revenue generation, demonstrating the value of the assets, as well as the widespread applicability across multiple industries. Since the licensing campaign began nearly 20 months ago, the patent portfolio has produced 35 settlement and license agreements. Ongoing infringement continues, and the CyberFone portfolio is currently being enforced against additional defendants.

"Along with our partners at [IPNav](#), we are pleased to announce the 35th settlement for this foundational patent portfolio," stated Doug Croxall, Founder and CEO of Marathon.

"Securing quality IP assets through our relationship with IPNav and partnering with inventors who wish to monetize their IP continues to be Marathon's primary focus. Our approach to patent monetization has, and is expected to continue generating tangible results for our shareholders."

The Shaked & Co Law Firm represented CyberFone Systems in the transaction.

About Marathon Patent Group:

Based in Alexandria, VA, Marathon Patent Group is a patent licensing company serving a wide range of patent owners from Fortune 500 companies to independent inventors. Marathon provides its clients advice and services that enable them to realize financial and strategic returns on their intellectual property rights. Marathon's operating subsidiaries acquire patent assets, partner with patent holders, and monetize patent portfolios through actively managed patent licensing campaigns. Marathon has maintained a close working relationship for the past 10 years with IPNav, a global leader in full service patent monetization.
