Interpace Biosciences Announces Full Year and Fourth Quarter 2022 Financial and Business Results

- **Q4 Revenue of \$8.3 million**
- **Cash and Cash Equivalents total \$4.8 million as of December 31, 2022**

PARSIPPANY, NJ, March 27, 2023 (GLOBE NEWSWIRE) -- Interpace Biosciences, Inc. ("Interpace" or the "Company") (OTCQX: IDXG) today announced financial results for the fiscal year and fourth quarter ended December 31, 2022 and provided a business and financial update.

Fourth quarter Net Revenue was \$8.3 million. Operating expenses for the fourth quarter were approximately 22% lower than the same period of 2021. Our loss from continuing operations in the fourth quarter of 2022 was \$1.4 million, a decrease from the prior year quarter's loss of \$1.8 million.

"Despite the full-year negative impact of \$3.6 million from the ThyGeNEXT price change in 2022, the Company was able to adjust expenses accordingly, grow volume and improve overall profitability", stated Tom Burnell, Ph.D., President and CEO of Interpace Biosciences. Burnell continued, "Overall, we are pleased with the progression of the Company internally along with the acceptance, adoption and expansion of use of our best-in-class molecular diagnostics tests."

Fourth Quarter and Full Year 2022 Financial Performance

For the Fourth Quarter of 2022 as Compared to the Fourth Quarter of 2021

- Net Revenue was \$8.3 million, a decrease of 9% from \$9.1 million for the prior year quarter.
- Gross Profit percentage was 60% compared to 55% for the prior year quarter, an improvement year over year.
- Operating income was \$0.1 million vs an operating loss of \$(1.4) million in the prior year quarter.
- Loss from continuing operations was \$(1.4) million vs \$(1.7) million in the prior year quarter.
- Adjusted EBITDA was \$0.6 million vs \$(0.8) million in the prior year quarter.

- Q4 2022 cash collections totaled \$8.1 million.
- December 31, 2022 cash balance was \$4.8 million. December 31, 2021 cash balance was \$2.9 million, net of restricted cash.

For the Year Ended December 31, 2022 as Compared to the Year Ended December 31, 2021

- Net Revenue was \$31.8 million for 2022, a 4% decrease over the prior year period. The lower revenue is attributable to the ThyGeNEXT[®] reimbursement rate decline.
- Gross Profit percentage was approximately 57% in both years.
- Loss from Continuing Operations was \$(5.9) million vs. \$(7.0) million prior year to date, an improvement of \$1.1 million. This improvement is driven by a decline in operating expenses versus the prior year.
- Adjusted EBITDA was \$(1.2) million vs. \$(2.0) million in the prior year.

About Interpace Biosciences

Interpace Biosciences is an emerging leader in enabling personalized medicine, offering specialized services along the therapeutic value chain from early diagnosis and prognostic planning to targeted therapeutic applications.

Clinical services, through Interpace Diagnostics, provide clinically useful molecular diagnostic tests and bioinformatics and pathology services for evaluating risk of cancer by leveraging the latest technology in personalized medicine for improved patient diagnosis and management. Interpace has five commercialized molecular tests and one test in a clinical evaluation program (CEP): PancaGEN[®] for the diagnosis and prognosis of pancreatic cancer from pancreatic cysts; PanDNA[®], a “molecular only” version of PancaGEN that provides physicians a snapshot of a limited number of factors; ThyGeNEXT[®] for the diagnosis of thyroid cancer from thyroid nodules utilizing a next-generation sequencing assay; ThyraMIR[®]v2, used in combination with ThyGeNEXT[®], for the diagnosis of thyroid cancer utilizing a proprietary microRNA pairwise expression profiler along with algorithmic classification; and RespriDX[®], that differentiates lung cancer of primary versus metastatic origin. In addition, BarreGEN[®], a molecular-based assay that helps resolve the risk of progression of Barrett’s Esophagus to esophageal cancer, is currently in a CEP, whereby we gather information from physicians using BarreGEN to assist us in gathering clinical evidence relative to the safety and performance of the test and also providing data that will potentially support payer reimbursement.

Forward-looking Statements

This press release contains forward-looking statements within the meaning of Section 27A

of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995, relating to the Company's future financial and operating performance. The Company has attempted to identify forward looking statements by terminology including "believes," "estimates," "anticipates," "expects," "plans," "projects," "intends," "potential," "may," "could," "might," "will," "should," "approximately" or other words that convey uncertainty of future events or outcomes to identify these forwardlooking statements. These statements are based on current expectations, assumptions and uncertainties involving judgments about, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the Company's control. These statements also involve known and unknown risks, uncertainties and other factors that may cause the Company's actual results to be materially different from those expressed or implied by any forward-looking statements, including, but not limited to, the reimbursement of the Company's tests being subject to review by CMS, the adverse impact of the COVID19 pandemic on the Company's operations and revenues, the possibility that the Company's estimates of future revenue, cash flows and adjusted EBITDA may prove to be materially inaccurate, the Company's history of operating losses, the Company's ability to adequately finance its business and seek alternative sources of financing, the Company's ability to repay borrowings with Comerica Bank and BroadOak, the Company's dependence on sales and reimbursements from its clinical services, the Company's ability to retain or secure reimbursement including its reliance on third parties to process and transmit claims to payers and the adverse impact of any delay, data loss, or other disruption in processing or transmitting such claims, and the Company's revenue recognition being based in part on estimates for future collections which estimates may prove to be incorrect. Additionally, all forward-looking statements are subject to the "Risk Factors" detailed from time to time in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022, Current Reports on Form 8-K and Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission. Because of these and other risks, uncertainties and assumptions, undue reliance should not be placed on these forward-looking statements. In addition, these statements speak only as of the date of this press release and, except as may be required by law, the Company undertakes no obligation to revise or update publicly any forward-looking statements for any reason.

Non-GAAP Financial Measures

In addition to the United States generally accepted accounting principles, or GAAP, results provided throughout this document, we have provided certain non-GAAP financial measures to help evaluate the results of our performance. We believe that these non-GAAP financial measures, when presented in conjunction with comparable GAAP financial measures, are useful to both management and investors in analyzing our ongoing business and operating performance. We believe that providing the non-GAAP information to investors, in addition to the GAAP presentation, allows investors to view our financial results in the way that management views financial results.

In this document, we discuss Adjusted EBITDA, a non-GAAP financial measure. Adjusted EBITDA is a metric used by management to measure cash flow of the ongoing business. Adjusted EBITDA is defined as income or loss from continuing operations, plus depreciation and amortization, acquisition related expenses, transition expenses, non-cash stock based compensation and ESPP plans, interest and taxes, and other non-cash expenses including asset impairment costs, bad debt expense, receipt of stimulus grants, loss on extinguishment of debt, goodwill impairment and change in fair value of contingent consideration, and warrant liability. The table above includes a reconciliation of this non-GAAP financial measure to the most directly comparable GAAP financial measure.
