Today, at Intel's annual investor meeting, CEO Brian Krzanich emphasized

that Intel's highest shareholder value will come from a strategy to utilize the core assets that drive the company's PC and data center businesses to move into profitable, complementary market segments.

About Intel

Intel (NASDAQ:INTC) is a world leader in computing innovation. The company designs and builds the essential technologies that serve as the foundation for the world's computing devices. As a leader in corporate responsibility and sustainability, Intel also manufactures the world's first commercially available "conflict-free" microprocessors. Additional information about Intel is available at newsroom.intel.com and blogs.intel.com and about Intel's conflict-free efforts at conflictfree.intel.com.
