## **TXO Partners Declares a Third Quarter 2023 Distribution of \$0.52 on Common Units; Files Quarterly Report on Form 10-Q**

FORT WORTH, Texas--(BUSINESS WIRE)-- TXO Partners, L.P. (NYSE: TXO) announced today that the Board of Directors of its general partner declared a distribution of \$0.52 per common unit for the quarter ended September 30, 2023. The quarterly distribution will be paid on November 27, 2023, to eligible unitholders of record as of the close of trading on November 17, 2023.

“With the ongoing challenges in the world, we are proud to offer a secure asset base and a confident business strategy for our owners,” stated Bob R. Simpson, Chairman and CEO. “Given the positive back-drop of commodity pricing, we foresee our current \$2 per unit yearly distribution expectation moving higher in 2024.”

“Our financial focus is straightforward. We strive to generate cash flow through efficient operations that provide substantial distributions and propel value creation,” further commented, President of Business Operations and CFO, Brent Clum. “Our team added modestly to our operations during the quarter which gives further support for out years.”

“Beginning in August, shut-in time at our plant in the Vacuum Field affected production. We expect facility repairs and upgrades to continue into the fourth quarter as we expand for our future,” also stated Keith A. Hutton, President of Production and Development. “Our legacy reservoirs, particularly the Vacuum Field, are rich with reserves that our team is focused on developing over the long term. This means investment in our facilities and recovery techniques.”

### **Quarterly Report on Form 10-Q**

TXO's financial statements and related footnotes will be available in the Quarterly Report on Form 10-Q for the quarter ended September 30, 2023, which TXO will file with the Securities and Exchange Commission (SEC) today. The 10-Q will be available on TXO's Investor Relations website at [www.txopartners.com/investors](http://www.txopartners.com/investors) or on the SEC's website at [www.sec.gov](http://www.sec.gov).

## **Non-U.S. Withholding Information**

This press release is intended to be a qualified notice under Treasury Regulations Section 1.1446-4(b). Brokers and nominees should treat one hundred percent (100%) of TXO's distribution to foreign unitholders as being attributable to income that is effectively connected with a United States trade or business. Accordingly, TXO's distributions to foreign unitholders are subject to federal income tax withholding at the highest applicable effective tax rate. For purposes of Treasury Regulations Section 1.1446(f)-4(c)(2)(iii), brokers and nominees should treat one hundred percent (100%) of the distributions as being in excess of cumulative net income for purposes of determining the amount to withhold. Nominees, and not TXO, are treated as withholding agents responsible for any necessary withholding on amounts received by them on behalf of foreign unitholders.

## **About TXO Partners, L.P.**

TXO Partners, L.P. is a master limited partnership focused on the acquisition, development, optimization and exploitation of conventional oil, natural gas, and natural gas liquid reserves in North America. TXO's current acreage positions are concentrated in the Permian Basin of West Texas and New Mexico and the San Juan Basin of New Mexico and Colorado.

## **Cautionary Statement Concerning Forward-Looking Statements**

Certain statements contained in this press release constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include the words such as "may," "assume," "forecast," "could," "should," "will," "plan," "believe," "anticipate," "intend," "estimate," "expect," "project," "budget" and similar expressions, although not all forward-looking statements contain such identifying words. These forward-looking statements include our 2023 and 2024 distribution outlook, our ability to increase oil production and reserves, our ability to execute our strategy, the timing of completion of plant repairs and upgrades and the impacts of future commodity price changes. These forward-looking statements are based on management's current belief, based on currently available information, as to the outcome and timing of future events at the time such statement was made, and it is possible that the results described in this press release will not be achieved. Our assumptions and future performance are subject to a wide range of business risks, uncertainties and factors, including, without limitation, the following: our ability to meet distribution expectations and projections; the volatility of oil, natural gas and NGL prices; our ability to safely and efficiently operate TXO's assets; uncertainties about our estimated oil, natural gas and NGL reserves, including the impact of commodity price declines on the economic producibility of such reserves, and in projecting future rates of production; and the risks and other factors disclosed in TXO's filings with the SEC, including its Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

Any forward-looking statement speaks only as of the date on which it is made, and, except as required by law, TXO does not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. New factors emerge from time to time, and it is not possible for TXO to predict all such factors.
