

### Company Overview

New Residential became a public company in 2013, spinning out from NewCastle. The company has grown since that time into a \$6.4 billion market cap leading investment management firm with a proven track record of returns and performance. New Residential focuses on opportunistically investing in, and actively managing, investments principally related to residential real estate. New Residential primarily targets investments in mortgage servicing related assets and other related opportunistic investments. Following the acquisition of Shellpoint Partners LLC ("Shellpoint") in 2018, New Residential now also benefits from Shellpoint's origination and third-party servicing platform, as well as a suite of ancillary businesses including title insurance, appraisal management, real estate owned management and other real estate services. New Residential is organized and conducts its operations to qualify as a real estate investment trust for federal income tax purposes. New Residential is managed by an affiliate of Fortress Investment Group LLC, a global investment management firm.
