Inpixon Receives Security Excellence Award from IoT Evolution

Inpixon Aware Honored for IoT Innovation

PALO ALTO, Calif. and TORONTO, Sept. 21, 2020 /PRNewswire/ -- Inpixon (Nasdaq: INPX), a leading indoor data company that delivers Indoor Intelligence™ solutions, announced today that [Inpixon Aware](#) has received the 2020 IoT Evolution Security Excellence Award from [IoT Evolution World](#), a leading publication covering IoT technologies. The award honors organizations delivering exemplary software or hardware solutions which secure IoT devices and networks.

Inpixon's indoor security solution, Inpixon Aware, empowers organizations to secure their premises using wide-spectrum RF detection and positioning, delivering situational awareness by detecting wireless devices and their movements. The solution delivers visibility into an organization's facilities and a robust wireless intrusion detection solution, presented within a live security dashboard providing management with essential insights and tools to make key decisions around security, risk mitigation and public safety, at scale. Inpixon's comprehensive indoor security solution includes state-of-the-art sensors that can detect Wi-Fi, Bluetooth, cellular and Ultra-Wideband (UWB) transmissions.

"The solutions selected for the IoT Evolution Security Excellence Award exemplify innovation driving the fast-growing Internet of Things marketplace," said Ken Briodagh, Editorial Director, IoT Evolution World. "It is my honor to congratulate Inpixon for their innovative work and contribution to this rapidly evolving industry."

"We are honored to be awarded the Security Excellence Award from IoT Evolution for the third time," commented Nadir Ali, CEO of Inpixon. "Our comprehensive solution has the ability to address multiple use cases as well as provides management with the critical tools to make informative decisions around security and public safety."

"It is my pleasure to recognize Inpixon Aware, an innovative solution that earned Inpixon the 2020 IoT Evolution Security Excellence Award," said Rich Tehrani, CEO, [TMC](#). "I look forward to seeing continued innovation from Inpixon in the future."

Safe Harbor Statement

All statements in this release that are not based on historical fact are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and the provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. While management has based any

forward-looking statements included in this release on its current expectations, the information on which such expectations were based may change. These forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of risks, uncertainties and other factors, many of which are outside of the control of Inpixon and its subsidiaries, which could cause actual results to materially differ from such statements. Such risks, uncertainties, and other factors include, but are not limited to, the fluctuation of economic conditions, the impact of COVID-19 on Inpixon's results of operations, the performance of management and employees, the regulatory landscape as it relates to privacy regulations and their applicability to Inpixon's technology, Inpixon's ability to maintain compliance with Nasdaq's minimum bid price requirement and other continued listing requirements, including during a panel monitoring period ending on February 5, 2021, the ability to obtain financing, competition, general economic conditions and other factors that are detailed in Inpixon's periodic and current reports available for review at sec.gov. Furthermore, Inpixon operates in a highly competitive and rapidly changing environment where new and unanticipated risks may arise. Accordingly, investors should not place any reliance on forward-looking statements as a prediction of actual results. Inpixon disclaims any intention to, and undertakes no obligation to, update or revise forward-looking statements.
