Vuzix to Participate in Verizon's Upcoming 5G Presentation to the U.S. Department of Defense

Event will showcase 5G-related augmented reality workforce solutions

ROCHESTER, N.Y., Feb. 22, 2021 /PRNewswire/ -- [Vuzix® Corporation](#) (NASDAQ: VUZI), ("Vuzix" or, the "Company"), a leading supplier of Smart Glasses and Augmented Reality (AR) technology and products, today announced that the Company will be participating as a speaker in Verizon's upcoming "5G Innovation Sessions; Advancing the Mission of the DOD" event taking place Wednesday February 24, 2021 at 2 PM EST. In this hour-long session, Verizon will explain why 5G matters to the U.S. Department of Defense, how it can help securely shape missions and discuss defense-focused use cases.

During the session, Vuzix will provide an overview of its current products, benefits and use cases, as well as share its thoughts related to how 5G and mobile edge computing can deliver new tools and real-time capabilities by processing on the edge and rendering them to the heads-up display of smart glasses. At the end of the session, attendees are welcome to self-explore various defense use cases made possible with 5G technology including augmented reality workforce solutions from Vuzix.

The event is open to the public and individuals interested in attending can learn more about the event and register to attend by visiting Verizon's website:

<https://enterprise.verizon.com/resources/events/public-sector-5g-innovation-session/>.

"We're excited about this opportunity to collaborate with Verizon and support the Department of Defense with innovative Vuzix Smart Glasses-based AR workforce solutions that will help solve real operational challenges," said Paul Travers, Vuzix President and Chief Executive Officer.
