## Vuzix Confirms Addition to Russell 3000 and Russell 2000 Indexes

ROCHESTER, N.Y., June 30, 2025 /PRNewswire/ -- [Vuzix® Corporation](#) (NASDAQ: VUZI), ("Vuzix" or, the "Company"), a leading supplier of smart glasses, waveguides, and augmented reality (AR) technologies, today confirmed its addition to the broad-market Russell 3000® Index effective June 27, 2025.

Annual Russell indexes reconstitution captures the 3,000 largest US stocks, ranking them by total market capitalization. Membership in the US all-cap Russell 3000® Index, which currently remains in place for one year, means automatic inclusion in the large-cap Russell 1000® Index or small-cap Russell 2000® Index as well as the appropriate growth and value style indexes. FTSE Russell determines membership for its Russell indexes primarily by objective, market-capitalization rankings and style attributes.

"Vuzix is at the forefront of next-generation wearable displays, and our leadership in advanced waveguide optics is helping to define what's possible in augmented reality," said Paul Travers, President and CEO of Vuzix. "Our inclusion in the Russell Indexes is a meaningful acknowledgment of the progress we've made. We see this as both validation of our strategy and a catalyst for broader institutional engagement as we continue to push the boundaries of AR innovation on a global scale."

Russell indexes are widely used by investment managers and institutional investors for index funds and as benchmarks for active investment strategies. Approximately \$10.6 trillion in assets are benchmarked against Russell's US indexes. Russell indexes are part of FTSE

Russell, a leading global index provider.
