Cabaletta Bio®

Cabaletta Bio to Present at the 40th Annual J.P. Morgan Healthcare Conference

PHILADELPHIA, Jan. 10, 2022 (GLOBE NEWSWIRE) -- Cabaletta Bio, Inc. (Nasdaq: CABA), a clinical-stage biotechnology company focused on the discovery and development of engineered T cell therapies for patients with B cell-mediated autoimmune diseases, today announced that Steven Nichtberger, M.D., President and Chief Executive Officer, will present at the 40th Annual J.P. Morgan Healthcare Conference on Wednesday, January 12, 2022 at 9:00 a.m. ET.

A live webcast of the presentation will be available on the News and Events section of the company's website at www.cabalettabio.com. Following the presentation, a replay of the webcast will be available on the website for 90 days.

About Cabaletta Bio

Cabaletta Bio is a clinical-stage biotechnology company focused on the discovery and development of engineered T cell therapies, and exploring their potential to provide a deep and durable, perhaps curative, treatment, for patients with B cell-mediated autoimmune diseases. The Cabaletta Approach to selective B cell Ablation (CABA™) platform, in combination with Cabaletta's proprietary technology, utilizes CAAR T cells that are designed to selectively bind and eliminate only specific autoantibody-producing B cells while sparing normal antibody-producing B cells, which are essential for human health. The Company's lead product candidate, DSG3-CAART, is being evaluated in the DesCAARTes™ Phase 1 clinical trial as a potential treatment for patients with mucosal pemphigus vulgaris, a prototypical B cell-mediated autoimmune disease. The U.S. Food and Drug Administration (FDA) granted Fast Track Designation for DSG3-CAART in May 2020. For more information about the DesCAARTes™ Phase 1 clinical trial, please visit our website ([DesCAARTes™ Phase 1 Trial](http://www.cabalettabio.com/DesCAARTes%20Phase%201%20Trial)). The Company's MuSK-CAART product candidate is designed as a potential treatment for patients with MuSK-associated myasthenia gravis. For more information, visit www.cabalettabio.com.
