Viveve Announces Closing of Public Offering of Shares of Common Stock

ENGLEWOOD, CO -- (Marketwired) -- 02/12/18 -- Viveve Medical, Inc. ("Viveve") (NASDAQ: VIVE), a medical technology company focused on women's intimate health, today announced the closing of its previously announced underwritten public offering of 11,500,000 shares of its common stock at a public offering price of \$3.00 per share, including shares of common stock issued upon the full exercise by the underwriters of their option to purchase additional shares. The net proceeds to Viveve from the offering were approximately \$32.4 million, after deducting underwriting discounts and commissions (but before deducting estimated offering expenses payable by the Company). Viveve intends to use the net proceeds from this offering for supporting the commercialization of its products, clinical research and development, working capital and general corporate purposes. All shares sold in the offering were sold by Viveve.

Cowen acted as sole book-running manager of the offering. Raymond James acted as lead manager for the offering. Ladenburg Thalmann & Co. Inc., a subsidiary of Ladenburg Thalmann Financial Services Inc., and Maxim Group LLC acted as co-managers for the offering.

The securities described above were offered by Viveve pursuant to a registration statement on Form S-3 previously filed and declared effective by the U.S. Securities and Exchange Commission (the "SEC"). Copies of the final prospectus supplement and accompanying prospectus filed with the SEC can be obtained from Cowen, c/o Broadridge Financial Services, Attention: Prospectus Department, 1155 Long Island Avenue, Edgewood, NY 11717, or by telephone at (631) 274-2806, or by accessing the SEC's website, www.sec.gov.

This announcement shall not constitute an offer to sell or a solicitation of an offer to buy these securities nor shall there be any offer or sale of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful.

About Viveve

Viveve Medical, Inc. is a women's intimate health company passionately committed to advancing new solutions to improve women's overall well-being and quality of life. The internationally patented Viveve® System, that delivers the GENEVEVE™ treatment, incorporates clinically-proven cryogen-cooled, monopolar radiofrequency (CMRF) technology to uniformly deliver volumetric heating while gently cooling surface tissue to generate robust neocollagenesis in one 30-minute in-office session.

International regulatory approvals and clearances have been received for vaginal laxity and/or improvement in sexual function indications from over 55 countries. Consistent with these approvals, Viveve is seeking an Investigational Device Exemption from the U.S. Food and Drug Administration ("FDA") to conduct a pivotal study on use of the device for

improvement in sexual function. Currently, in the United States, the Viveve System is cleared by the FDA for general surgical procedures for electrocoagulation and hemostasis.

InControl Products by Viveve are FDA cleared medical devices that treat stress, urge, and mixed incontinence conditions and products to improve pelvic floor strength. Viveve exclusively distributes InControl Medical's products to healthcare providers in the United States.
