OAKS, Pa., July 22 /PRNewswire-FirstCall/ -- SEI Investments Company (Nasdaq: SEIC) today announced financial results for second-quarter 2009, reporting decreases in revenues, net income attributable to SEI, and diluted earnings per share compared to second-quarter 2008.

"While the capital markets did improve in the second quarter, their still-depressed levels continue to have a significant negative impact on our second-quarter financial results as compared to the second quarter, 2008," said Alfred P. West, Jr., SEI Chairman and CEO.

"We have resized our company and put in place certain cost reduction initiatives which are reflected in our second-quarter results. We are concentrating our marketing and sales activities where we have short and intermediate term opportunities for revenue growth. At the same time, our positive cash flow allows us to maintain a strong capital base and balance sheet so we can implement our long-term strategies to grow our business.

"In these times, it is especially important to focus on our clients' well-being and success. We are firm in our belief that what we are doing today will significantly benefit our clients and SEI both today and in the future."

Second-Quarter Business Commentary:

- Revenues were down across all segments due to the decline in the capital markets. The Institutional Investors and Investment Managers segments partially offset the negative capital market impact with new business growth. Investment processing revenues helped the Private Banks segment offset the negative capital markets as well.
- The second-quarter 2009 results include losses of \$2.3 million associated with SIV-related issues involving SEI-sponsored money market funds. SEI has recognized cumulative losses of \$200.0 million associated with these SIV-related issues through June 30, 2009. Additional information pertaining to SIV-related issues involving SEI-sponsored money market funds is contained in SEI's 2008 Form 10-K filed February 25, 2009 and SEI's 2009 first-quarter Form 10-Q filing dated May 4, 2009.
- In June 2009, SEI purchased the remaining SIVs from the SLAT Prime Obligation Fund for \$57.5 million. SEI borrowed \$59.0 million on its credit facility in order to finance the purchase of the notes. As a result of this purchase, SEI's obligation under the Capital Support Agreement with the SLAT Prime Obligation Fund was canceled.
- Our obligation under the Capital Support Agreement with the SDIT Prime Obligation Fund is \$30.0 million at June 30, 2009.
- Assets under management increased by \$12.9 billion during the second-quarter 2009 to \$135.7 billion, primarily due to market appreciation.
- In the second-quarter, SEI purchased 453,000 shares of its common stock for \$7.7 million.
