### First-Quarter Business Highlights:

- Revenue growth was primarily driven by higher Asset management, administration, and distribution fees from market appreciation and improved cash flows from new and existing clients.
- Our average assets under management, excluding LSV, increased \$14.9 billion, or nine percent, to \$172.5 billion in the first-quarter 2015, as compared to \$157.6 billion during the first-quarter 2014 (see attached Average Asset Balances schedules for further details).

- Our average assets under administration increased \$48.7 billion, or 14 percent, to \$384.7 billion in the first-quarter 2015, as compared to \$336.0 billion during the firstquarter 2014 (see attached Average Asset Balances schedules for further details).
- Revenue growth was also driven by increased Information processing and software servicing fees in our Private Banks segment. The increase was primarily attributable to higher fees from the growth in assets processed on the SEI Wealth Platform(SM) and increased non-recurring professional services fees.
- Sales events, net of client losses, during first-quarter 2015 totaled approximately \$30.9 million and are expected to generate net annualized recurring revenues of approximately \$23.6 million when contract values are fully realized.
- Income from LSV increased \$2.1 million, or seven percent, to \$34.3 million in first-quarter 2015 as compared to \$32.2 million in first-quarter 2014 due to an increase in assets under management and an increase in performance fees earned by LSV.
- We recorded pre-tax gains of \$2.8 million, or \$.01 diluted earnings per share, and \$5.6 million, or \$.02 diluted earnings per share, from the sale of SEI AK in first-quarter 2015 and 2014, respectively.
- Amortization expense related to capitalized software was \$10.3 million during the firstquarter 2015 as compared to \$9.2 million during the first-quarter 2014 due to continued enhancements to the SEI Wealth Platform.
- Our effective tax rates were 35.4 percent in first-quarter 2015 and 35.9 percent in first-quarter 2014.
- In first-quarter 2015, we repurchased 1.5 million shares of our common stock for \$65.3 million.
