Oceania Cruises Debuts New 2022 Europe and Tahiti Cruises

16 New Destination-Immersive Voyages Aboard the Better-Than-New Regatta and Nautica

MIAMI, July 22, 2021 /PRNewswire/ -- Oceania Cruises, the world's leading culinary- and destination-focused cruise line, introduced 16 new Europe and Tahiti voyages for early 2022 aboard the better-than-new and more beautiful than ever *Regatta* and *Nautica*.

When *Nautica* debuts on April 1st, the ship will have just emerged from an extensive period in drydock and similarly, *Regatta* returns to service fresh from her recent Re-inspiration. The debut of *Nautica* and re-start of *Regatta* heralds the completion of the \$100+ million OceaniaNEXT "better-than-new" rebuild of the brand's four 684-guest Regatta Class ships and the brand's full return to service with all six ships sailing the globe once again.

Nautica's April through June 2022 Europe voyages range in length from 10 to 24 days and call on the most iconic destinations in the region, such as the French and Italian Rivas, the Greek Isles, the Holy Lands, and the Canary Islands. *Regatta* reprises her perennially popular Tahiti itineraries with the addition of three new 10-day roundtrip Papeete cruises in February 2022. These new sailings will be available online at OceaniaCruises.com and open for reservations on July 28, 2021.

"With such extraordinary demand for travel in 2022, we are pleased to be able to offer our discerning travelers these additional travel options in these most sought-after destinations," stated Bob Binder, President and CEO of Oceania Cruises. "With record-setting demand for international travel in the coming year, we are committed to providing our guests with more destination options and our travel advisor partners with even more sales opportunities," added Binder.

Iconic Gems and Hidden Jewels of Europe

These sailings capture the true essence of European travel by showcasing the continent's most iconic treasures, such as Rome, Lisbon, and Athens and blending them with delightful off-the-beaten-path discoveries, like Palamos, Gythion, and Trapani.
