# Sigma Labs, Inc. Teams With US-based Machine Tool Manufacturer to Enhance Productivity for Fortune 50 Customers in Europe

SANTA FE, N.M., June 30, 2011 /PRNewswire/ -- **Sigma Labs, Inc. (OTCBB: SGLB.OB)** announced today that it received a contract from MTI - Manufacturing Technology Inc., a US-based manufacturer of machine tools located in South Bend, IN, to help assist MTI's customers in Europe as they seek to enhance productivity.

Mark Cola, President of Sigma Labs, explains that "MTI sought us out based on our sensing and monitoring expertise to assist some of their Fortune 50 heavy industrial manufacturing customers in Europe to maintain machine uptime. We are pleased to team with MTI on this effort, and we are in further discussions relating to the potential to get our In-Process Quality Assurance (IPQA) technology onto MTI platforms worldwide." John Talkington, newly hired Director of Engineering at Sigma Labs, adds that "we expect this initial effort to grow into greater collaborations and the development of new predictive maintenance solutions for critical production needs worldwide."

## About Sigma Labs, Inc.

Sigma Labs, Inc. comprises leading scientists and engineers from Los Alamos National Laboratory with over 75 years of combined industrial R&D experience and has become a developer of manufacturing and materials technologies and an important R&D provider to first-tier integrators, including Boeing, Honeywell, and Pratt & Whitney, as well as to commercial firms within the United States and internationally. Sigma Labs, Inc. currently has contracts with both the federal Government and private industry to develop technologies from their conception through the design, building, and testing of prototype systems. Sigma Labs, Inc. is aggressively designing and developing innovative sensing, software products, materials technologies and other unique manufacturing quality assurance solutions for the federal Government and our commercial clients.
