SoundThinking Expands Leadership Team with the Appointment of Industry Veteran Adan Pope as SVP of Data Science and AI

Strategic Hire Accelerates AI-Driven Innovation in Public Safety Tech, Reinforcing SoundThinking's Market Leadership

FREMONT, Calif., Aug. 27, 2024 (GLOBE NEWSWIRE) -- SoundThinking, Inc. ("SoundThinking" or the "Company") (Nasdaq: SSTI), a leading public safety technology company, has appointed Adan Pope as Senior Vice President of Data and Artificial Intelligence. In this newly created role, Pope will lead the Company's efforts to leverage artificial intelligence (AI) and machine learning (ML) technologies across its SafetySmart™ Platform and internal operations.

"We are thrilled to welcome Adan to our executive leadership team," said Ralph Clark, CEO of SoundThinking. "His extensive and unique experiences coupled with a proven track record in driving technological innovation align perfectly with our vision for the future of public safety solutions. As we witness the transformative potential of AI/ML across industries, SoundThinking is positioning itself at the forefront of this revolution in the public safety sector.

"Adan's appointment underscores our commitment to harnessing the power of AI and ML to enhance the effectiveness of our solutions and drive operational efficiencies. His leadership will be instrumental in establishing a Center of Excellence for AI/ML within SoundThinking, which will serve as a shared resource across our organization."

Pope brings over 30 years of experience across various technology leadership roles. Most recently, he served as the Chief Technology Officer at Intrado Life and Safety, where he led a team of over 500 employees across product development, engineering, operations, and security departments for a 120-product solution portfolio.

"I am excited to join SoundThinking at this pivotal moment in the Company's growth," said Pope. "We've already had success leveraging AI and ML and have a tremendous opportunity to build and expand our capabilities. I look forward to working with the talented team to develop innovative solutions that will help improve public safety across the globe."

Pope will oversee the centralization and expansion of SoundThinking's AI/ML capabilities, as well as lead the Engineering Organization for CrimeTracer and its over 1 billion law enforcement Criminal Justice Information Services Division records. His role will be crucial in advancing the Company's technology strategy and reinforcing its position as a leader in AI-driven public safety solutions.

Safe Harbor Statement

This press release contains “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995, including but not limited to statements regarding the establishment of a Center of Excellence for AI/ML within SoundThinking and Pope’s role and responsibilities as Senior Vice President of Data and Artificial Intelligence and SoundThinking’s opportunity to revolutionize public safety. Words such as “expect,” “anticipate,” “should,” “believe,” “target,” “project,” “goals,” “estimate,” “potential,” “predict,” “may,” “will,” “could,” “intend,” variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond the company’s control. Actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to the effective use of the company’s technology and achieving its intended benefits, as well as other risk factors included in the company’s most recent annual report on Form 10-K and quarterly report on Form 10-Q and other Securities and Exchange Commission filings. These forward-looking statements are made as of the date of this press release and are based on current expectations, estimates, forecasts and projections as well as the beliefs and assumptions of management. Except as required by law, the company undertakes no duty or obligation to update any forward-looking statements contained in this release as a result of new information, future events or changes in its expectations.
