Corbus Pharmaceuticals to Announce Full-Year 2018 Operational and Financial Results on March 12, 2019

- Company to host conference call and webcast on Tuesday, March 12 at 8:30 a.m. ET -

Norwood, MA, March 07, 2019 (GLOBE NEWSWIRE) -- Corbus Pharmaceuticals Holdings, Inc. (NASDAQ: CRBP) ("Corbus" or the "Company"), a clinical stage drug development company with the industry's leading pipeline focused on treating inflammatory and fibrotic diseases through the endocannabinoid system pathways, today announced that the Company will host a conference call and live audio webcast on Tuesday, March 12, 2019 at 8:30 a.m. ET to discuss operational and financial results for the year ended December 31, 2018 as well as provide a corporate update.

The call will be led by Yuval Cohen, Ph.D., Chief Executive Officer of Corbus. He will be joined on the call by additional members of the Corbus management team. Interested participants and investors may access the conference call by dialing (877) 407-3978 (domestic) or (412) 902-0039 (international). The live [webcast](#) will be accessible on the [Events](#) page of the [Investors](#) section of the Corbus website, www.corbuspharma.com and will be archived for 90 days following the event.

About Corbus

Corbus Pharmaceuticals Holdings, Inc. is a Phase 3 clinical-stage pharmaceutical company focused on the development and commercialization of novel therapeutics to treat inflammatory and fibrotic diseases by leveraging its pipeline of endocannabinoid system-targeting synthetic drug candidates. The Company's lead product candidate, lenabasum, is a novel, synthetic, oral, selective cannabinoid receptor type 2 (CB2) agonist designed to resolve chronic inflammation and fibrotic processes. Lenabasum is currently being evaluated in systemic sclerosis, cystic fibrosis, dermatomyositis, and systemic lupus erythematosus.

Corbus is also developing a pipeline of drug candidates from more than 600 novel compounds targeting the endocannabinoid system. The pipeline includes CRB-4001, a 2nd generation, peripherally-restricted, selective cannabinoid receptor type 1 (CB1) inverse agonist designed to eliminate blood-brain barrier penetration and subsequent brain CB1 receptor occupancy that mediates the neuropsychiatric adverse events associated with first-generation CB1 inverse agonists. Potential indications for CRB-4001 include NASH, primary biliary cholangitis, idiopathic pulmonary fibrosis, radiation-induced pulmonary fibrosis, myocardial fibrosis after myocardial infarction and acute interstitial nephritis, among others.

Corbus plans to enter a Phase 1 study of CRB-4001 in 2019, intended to be followed by a National Institutes of Health (NIH)-funded proof-of-concept Phase 2 study.

Forward-Looking Statements

Statements in this press release that are not statements of historical fact are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements include, without limitation, statements about Corbus' expectations regarding the completion, timing and size of its public offering and the anticipated use of proceeds therefrom. Words such as "believe," "anticipate," "plan," "expect," "intend," "may," "goal," "potential" and similar expressions are intended to identify forward-looking statements, though not all forward-looking statements necessarily contain these identifying words. Among the factors that could cause actual results to differ materially from those indicated in the forward-looking statements are risks and uncertainties associated with market conditions as well as risks and uncertainties associated with Corbus' business and finances in general, including the risks and uncertainties in the section captioned "Risk Factors" in the prospectus supplement related to the public offering that was filed with the SEC and the Company's most recently filed Annual Report on Form 10-K and subsequently filed Quarterly Reports on Form 10-Q. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. All forward-looking statements are qualified in their entirety by this cautionary statement, and Corbus undertakes no obligation to revise or update any forward-looking statements to reflect events or circumstances after the date of this press release.
