

Enerpac Tool Group Reports Third Quarter 2020 Results

Third Quarter of Fiscal 2020 Highlights*

- Third quarter fiscal 2020 results were heavily impacted by the global economic shutdown (late March, April and May) during the heart of the COVID-19 pandemic and were exacerbated by the oil and gas pricing shock.
- Liquidity remained intact, leverage (Net Debt to Adjusted EBITDA) at 1.8x, consistent with prior year, interest coverage ratio at 3.6x and available cash unchanged from the previous quarter.
- Completed the voluntary early redemption of the 5.625% Senior Notes due 2022, announced during the quarter on June 15, 2020, reducing annual interest expense by \$10 million at current rates, resulting in a pro forma interest coverage ratio of 8.8x.
- Net sales from continuing operations were \$102 million for the quarter. Core sales decreased 38% year-over-year, with product sales declining 35% and service sales declining 47%. The net year-over-year impact on net sales from acquisitions and divestitures/strategic exits was a reduction of 7% while foreign currency benefited sales 2%.
- GAAP operating margin from continuing operations was (2.0%) for the quarter versus 21.4% in the third quarter of fiscal 2019. Adjusted operating margin from continuing operations was 0.1% for the quarter ended May 31, 2020, compared to 15.9% for the quarter ended May 31, 2019.
- Adjusted EBITDA margin from continuing operations was 6.5% in the third quarter of fiscal 2020, compared to 18.8% in the comparable prior year period.
- GAAP loss per share from continuing operations was (\$0.08) in the third quarter of fiscal 2020 versus diluted earnings per share from continuing operations (“EPS”) of \$0.43 in the comparable period in fiscal 2019. Adjusted loss per share from continuing operations was (\$0.06) in the third quarter of fiscal 2020 compared to adjusted diluted EPS of \$0.29 in the third quarter of fiscal 2019.
- Fiscal 2020 guidance remains suspended due to market volatility and lack of visibility into the timing and extent of the recovery in the Company’s key markets.

**This news release contains financial measures in accordance with US Generally Accepted Accounting Principles (“GAAP”) in addition to non-GAAP financial measures. Reconciliations of the GAAP to non-GAAP financial measures can be found in the tables accompanying this release.*

MILWAUKEE--(BUSINESS WIRE)-- Enerpac Tool Group Corp. (NYSE: EPAC) (the “Company”), today announced results for its fiscal 2020 third quarter ended May 31, 2020.

“The challenging and unprecedented macroeconomic environment caused by the COVID-19 pandemic significantly impacted our third quarter results. Consistent with sharp declines in order rates reported by other industrial companies in April, we saw order rate declines of 30-

40% starting in late March through May. However, we remained focused on keeping our employees safe, serving our customers and preserving our ability to execute our strategy,” said Randy Baker, Enerpac Tool Group’s President and CEO.

Mr. Baker continued, “We took proactive steps to quickly address an abrupt and significant change in demand brought on by the pandemic. By adjusting our cost structure, we were able to achieve the low end of our target decremental margin range, preserve liquidity, and maintain a strong balance sheet. Our commitment to our strategy continues to pay off as we achieved a new product vitality in excess of 10% for the third quarter in a row. We believe the actions we have taken to date and our development of plans for a range of recovery scenarios position Enerpac Tool Group to excel as the market recovers from this global pandemic.”

Consolidated Results from Continuing Operations

(US\$ in millions)

	Three Months Ended		Nine Months Ended	
	May 31, 2020	May 31, 2019	May 31, 2020	May 31, 2019
Net Sales	\$101.9	\$178.1	\$381.9	\$496.4
Net Income (Loss)	(\$4.9)	\$26.9	\$5.4	\$11.2
Earnings (Loss) Per Share	(\$0.08)	\$0.43	\$0.09	\$0.18
Adjusted Earnings (Loss) Per Share	(\$0.06)	\$0.29	\$0.15	\$0.52

- Consolidated net sales from continuing operations for the third quarter were \$101.9 million, compared to \$178.1 million in the prior year third quarter. Core sales decreased 38% year-over-year, with product sales down 35% and service down 47%. The net impact of acquisitions and divestitures/strategic exits decreased net sales by an additional 7%, and the impact of foreign currency benefited sales 2%.
- Fiscal 2020 third quarter net loss from continuing operations and loss per share from continuing operations were (\$4.9) million and (\$0.08), respectively, compared to net income from continuing operations and EPS of \$26.9 million and \$0.43, respectively, in the third quarter of fiscal 2019. Fiscal 2020 third quarter net loss from continuing operations included:
 - A net impairment and divestiture gain of \$1.4 million (\$1.0 million or \$0.02 per share, after tax);
 - Restructuring charges of \$3.3 million (\$2.2 million or \$0.04 per share, after tax), primarily related to the restructuring plan announced in March 2020 to reduce redundant segment and corporate costs along with facility consolidations; and
 - Purchase accounting charges of \$0.2 million (\$0.2 million after tax).
- Fiscal 2019 third quarter net income from continuing operations included an impairment benefit of \$13.0 million (\$13.0 million or \$0.21 per share, after tax) related to the reversal of the held for sale treatment of the Cortland U.S. business, restructuring charges of \$1.1 million (\$0.8 million benefit or \$0.01 per share, after tax) primarily related to IT&S restructuring, accelerated debt issuance costs of \$0.5 million (\$0.4 million or \$0.01 per share, after tax) related to the modification of our revolving

credit facilities, a depreciation/amortization true-up of \$1.7 million (\$1.3 million or \$0.02 per share, after tax) resulting from Cortland assets being reclassified into assets held for use, and \$3.1 million (\$0.05 per share) of charges primarily related to U.S. tax reform.

- Excluding restructuring, impairment & divestiture charges and purchase accounting charges, adjusted loss per share from continuing operations was (\$0.06) for the third quarter of fiscal 2020 compared to adjusted EPS of \$0.29 in the comparable prior year period.
- Consolidated net sales for the nine months ended May 31, 2020 were \$381.9 million, compared to \$496.4 million in the prior year period. Core sales decreased 17% year-over-year, while the net impact of acquisitions and divestitures/strategic exits decreased net sales by 6% and the impact of foreign currency was minimal.
- Consolidated net income from continuing operations and EPS for the nine months ended May 31, 2020 were \$5.4 million and \$0.09, respectively, compared to net income from continuing operations and EPS of \$11.2 million and \$0.18, respectively, in the comparable prior year period.

Adjusted Op Profit ⁽¹⁾	\$8.2	\$36.0	\$55.1	\$88.9
Adjusted Op Profit % ⁽¹⁾	8.9%	21.6%	15.7%	19.1%

⁽¹⁾ Excludes \$1.8 million of restructuring charges, \$1.4 million of net impairment and divestiture gains, and \$0.2 million of purchase accounting charges in the third quarter of fiscal 2020 compared to \$1.1 million of restructuring charges in the three and nine months ended May 31, 2019. The nine months ended May 31, 2020 excludes \$4.0 million of restructuring charges, \$3.6 million of net impairment and divestiture gains and \$0.4 million of purchase accounting charges.

- Third quarter fiscal 2020 net sales were \$92.9 million, 44% lower than the prior fiscal year's third quarter. Core sales decreased 39% year-over-year, while the net impact of acquisitions and divestitures/strategic exits decreased net sales 7% and the impact of foreign currency increased sales 2%.
- The decrease in revenue is attributable to the sharp and significant decline in demand driven by the COVID-19 pandemic, volatile oil pricing and the anticipated year-over-year service decline in the Middle East.
- Adjusted operating profit margin of 8.9% in the quarter decreased year-over-year primarily due to reduced volume, offset by a decrease in spend.

Corporate Expenses and Income Taxes (excluding restructuring items)

- Corporate expenses from continuing operations for the third quarter of fiscal 2020 were \$8.2 million, \$1.3 million lower than the comparable prior year period, primarily resulting from lower medical claims, reduced fees for third-party services, lower incentive compensation costs and restructuring actions.
- The third quarter effective income tax rate from continuing operations of approximately -7% was lower than the third quarter fiscal 2019 rate of approximately 19%.

Discontinued Operations

Discontinued operations represent operating results for the divested EC&S segment through the October 31, 2019 completion date of the divestiture as well as the ancillary impacts from certain retained liabilities subsequent to the completion date. During the third quarter of fiscal 2020 we finalized the customary working capital settlement negotiations which provided an additional \$1.3 million of proceeds as compared to the previously disclosed sales price. As a result, an additional gain on sale of \$0.4 million was recorded through discontinued operations in the current quarter.

Net debt at May 31, 2020 was approximately \$123 million (total debt of \$287 million less \$164 million of cash), which is consistent with the prior quarter. Net Debt to Adjusted EBITDA from continuing operations was 1.8x at May 31, 2020. As previously disclosed, the company purchased approximately 500,000 shares in the third quarter of fiscal 2020 at an average price of \$19.25 for a total of \$9.7 million.

***Adjusted EBITDA from continuing operations is calculated for the twelve months then ended.*

Outlook

Given uncertainty related to the duration and magnitude of the COVID-19 global pandemic and the recovery of its core markets, the Company previously withdrew its full year financial guidance.

Mr. Baker said, "We are beginning to see increased business activity as economies gradually reopen in Asia, Europe and the U.S., which has translated into an improved sequential order rate. No region has normalized yet but we now see product order rates at approximately 20% below June of the prior year versus the 30-40% decline we experienced in April and May. While we are encouraged by recent commercial activity and improved order rates, it is still unclear whether current order rates will be sustained as well as when demand and market conditions will normalize to pre-pandemic conditions."

Mr. Baker continued, "We will continue to navigate these uncertain times by remaining focused on employee safety and managing what we can control to drive long term shareholder value. We are confident in our strategy, which is supported by our strong balance sheet and our dedicated and talented workforce and we believe we are positioned well to succeed as the world recovers from the pandemic."

Safe Harbor Statement

Certain of the above comments represent forward-looking statements made pursuant to the provisions of the Private Securities Litigation Reform Act of 1995. Management cautions that these statements are based on current estimates of future performance and are highly dependent upon a variety of factors, which could cause actual results to differ from these estimates. Among other risks and uncertainties, Enerpac Tool Group's results are subject to risks and uncertainties arising from general economic conditions, the COVID-19 pandemic, including the impact of the pandemic or related government responses on the Company's business, the businesses of the Company's customers and vendors, employee mobility, and whether the Company's business and those of its customers and vendors will continue to be treated as "essential" operations under government orders restricting business activities or, even if so treated, whether site-specific health and safety concerns related to COVID-19 might otherwise require operations to be halted for some period of time, volatile oil pricing, variation in demand from customers, the impact of geopolitical activity on the economy, continued market acceptance of the Company's new product introductions, the successful integration of acquisitions, restructuring, operating margin risk due to competitive pricing and operating efficiencies, supply chain risk, material and labor cost increases, tax reform, foreign currency fluctuations and interest rate risk. See the Company's Form 10-K for the fiscal year ended August 31, 2019 and Form 10-Q for the period ended February 29, 2020 filed with the Securities and Exchange Commission for further information regarding risk factors. Enerpac Tool Group disclaims any obligation to publicly update or revise any forward-looking statements as a result of new information, future events or any other reason.

Non-GAAP Financial Information

This press release contains financial measures that are not measures presented in conformity with GAAP. They include EBITDA from continuing operations, adjusted EBITDA from continuing operations, adjusted earnings (loss) per share from continuing operations, adjusted EPS, adjusted operating profit from continuing operations and net debt. This press release includes reconciliations of these non-GAAP measures to the most comparable GAAP measure, including in the tables attached to this press release. Management believes these non-GAAP measures are commonly used financial measures for investors to evaluate Enerpac Tool Group's operating performance and financial position with respect to the periods presented and, when read in conjunction with the condensed consolidated financial statements, present a useful tool to evaluate ongoing operations and provide investors with metrics they can use to evaluate aspects of the Company's performance from period to period. In addition, these are some of the factors management uses in internal evaluations of the overall performance of the Company's business. Management acknowledges that there are many items that impact a company's reported results and the adjustments reflected in these non-GAAP measures are not intended to present all items that may have impacted these results. In addition, these non-GAAP measures are not necessarily comparable to similarly-titled measures used by other companies.

Notes:

(1) Approximately \$1.8 million of the Q4 fiscal 2019 and \$0.8 million of the Q3 fiscal 2020 restructuring charges recorded in cost of products sold.

(2) Represents the depreciation and amortization expense true up for the Cortland business as held for sale in Q3 fiscal 2019, as though the assets had never been classified as held for sale.

(3) EBITDA represents net earnings (loss) from continuing operations before financing costs, interest expense, and depreciation & amortization. EBITDA is not a calculation based upon GAAP. The amounts presented in the Adjusted EBITDA calculation, however, are derived from amounts included in the Condensed Consolidated Operations. EBITDA should not be considered as an alternative to net earnings (loss), operating income, or cash flows. The Company has presented EBITDA because it regularly reviews this performance measure by many of our investors and lenders, and is presented as a convenience to them. The EBITDA presented may not always be comparable to similarly titled measures reported by other components of the calculation.

FOOTNOTES

Note: The total of the individual quarters may not equal the annual or year-to-date total due to The continuing operations and discontinued operations earning (loss) per share may not equal earning (loss) per share due to rounding.

(1) Adjusted earnings (loss) from continuing operations and adjusted diluted earnings (loss) per share represent net earnings (loss) and diluted earnings (loss) per share per the Condensed Consolidated Statements of Operations net of charges or credits for items to be highlighted for comparability. These measures are not calculated based upon generally accepted accounting principles (GAAP) and should not be considered as an alternative to net earnings (loss) or diluted earnings (loss) per share as an indicator of the Company's operating performance. However, this presentation is important for understanding the operating results of the current portfolio of Enerpac Tool Group companies. The results of the individual components may not equal due to rounding and the impact of share dilution on the calculation of the net loss per share and discontinued operations per share.

(2) Q3 Fiscal 2020 results included an adjusted loss from continuing operations, therefore adjusted earnings per share is not diluted and is, instead, calculated with basic shares.
