Cryoport Launches Free Investor Relations App

Investors can download the new mobile app at Apple's App store and Google Play

LAKE FOREST, Calif., July 1, 2014 /PRNewswire/ -- Cryoport, Inc. (OTCBB: CYRX) ("the Company") today announced the release of its investor relations app for iPhone, iPad and Android mobile devices now available for free at Apple's App Store for the iPhone and iPad <https://itunes.apple.com/us/app/cryoport-investor-relations/id878258991?ls=1&mt=8> and at Google Play <https://play.google.com/store/apps/details?id=com.theirapp.cryoport> for Android mobile devices.

The Cryoport investor relations app, which is powered by theIRapp™, allows users to navigate the Company's investor relations materials as well as receive a stock quote and other important stock information. Features in the app include the latest press releases and SEC filings as well as marketing and background information, videos, audiocast conference calls as well as presentations from the Company. Sharing functionality via email, Twitter and Facebook is available as well as the ability for investors to be notified when new information is posted to the company's IR app.

"The launch of the Cryoport investor relations app for iPhone, iPad and Android mobile devices provides our current and future shareholders with immediate access to financial and corporate information regarding Cryoport," commented Jerrell Shelton, Chief Executive Officer of Cryoport. "We are excited to be one of the early adopters of mobile technology and while we continue to position ourselves as a leading frozen logistics shipping solution, we are recognizing the need to take advantage of this explosive technology. The IR app will help investors receive instant access to our corporate and stock information, enabling increased shareholder value and broader awareness throughout the investment community."

About Cryoport, Inc.

Cryoport provides leading-edge cryogenic logistics solutions to the life sciences industry through the combination of purpose-built proprietary packaging, information technology and specialized cold chain logistics expertise. Its competencies range from skilled, total turnkey management of the entire cold chain logistics process to complex total management solutions for outsourced cold chain logistics.

Its packaging, built around its Cryoport Express® liquid nitrogen dry vapor shippers, is validated to maintain a constant -150°C temperature for a 10-plus day dynamic shipment duration. Its information technology boast its Cryoport™ Logistics Management Platform which manages the entire logistics process, including initial order input, document preparation, customs document preparation and clearance, integrator/courier management, shipment tracking, issue resolution, intervention, when necessary, and delivery. Cryoport uses recyclable and reusable components providing an environmentally friendly solution. Cryoport solutions can record the "chain of condition" and "chain of custody" for shipments thereby meeting the exacting requirements for scientific work and for regulatory purposes.
