Medexus Pharmaceuticals to Present at the H.C. Wainwright 23rd Annual Global Investment Conference

TORONTO and CHICAGO, Sept. 02, 2021 (GLOBE NEWSWIRE) -- Medexus Pharmaceuticals Inc. ("**Medexus**" or the "**Company**") (TSX: MDP) (OTCQX: MEDXF) today announced that Ken d'Entremont, Chief Executive Officer of Medexus, and Marcel Konrad, Chief Financial Officer of Medexus, will be presenting at the H.C. Wainwright 23rd Annual Global Investment Conference being held virtually between September 13-15, 2021.

Medexus's presentation will be available on-demand to registered attendees via the conference platform beginning Monday, September 13, 2021, at 7:00 AM Eastern Time.

The webcast can be accessed [here](#) and on the investor relation section of the Medexus website at https://www.medexus.com/en_US/investors. Management will be participating in one-on-one meetings with qualified members of the investor community throughout the conference.

About Medexus

Medexus is a leader in innovative rare disease treatment solutions with a strong North American commercial platform. From a foundation of proven best in class products we are building a highly differentiated company with a portfolio of innovative and high value orphan and rare disease products that will underpin our growth for the next decade. The Company's vision is to provide the best healthcare products to healthcare professionals and patients, through our core values of Quality, Innovation, Customer Service and Teamwork. Medexus Pharmaceuticals is focused on the therapeutic areas of hematology, auto-immune disease, and allergy. The Company's leading products are: Rasuvo™ and Metoject®, a unique formulation of methotrexate (auto-pen and pre-filled syringe) designed to treat rheumatoid arthritis and other auto-immune diseases; IXINITY®, an intravenous recombinant factor IX therapeutic for use in patients 12 years of age or older with Hemophilia B – a hereditary bleeding disorder characterized by a deficiency of clotting factor IX in the blood, which is necessary to control bleeding; and Rupall®, an innovative prescription allergy medication with a unique mode of action. The Company has also licensed treosulfan, a preparative regimen for allogeneic hematopoietic stem cell transplantation to be used in combination with fludarabine, from medac GmbH for Canada and the United States.
