LD MICRO concentrates on finding, researching, and investing in companies that are overlooked by institutional investors. It is a non-registered investment advisor. To register for the conference, please call 408-457-1042 or e-mail Chris@ldmicro.com.

About Arabian American Development Company (ARSD)

ARSD owns and operates a petrochemical facility located in southeast Texas just north of Beaumont which specializes in high purity petrochemical solvents and other solvent type manufacturing. The Company is also the original developer and now a 37% owner of Al-Masane Al-Kobra Mining Company (AMAK), a Saudi Arabian joint stock company based in the Najran Province of southwestern Saudi Arabia. The construction phase of the surface facilities and the underground development is now complete. Operations and production are in the early stages. The Company expects the mine to reach full production in the first half of 2012. It produces zinc and copper concentrates, gold, and silver.
